The outer perimeter shown in broken lines in the figures illustrates a display screen or portion thereof and forms no part of the claimed design. The remaining broken lines, including the thumbnails in the small circles and squares, illustrate portions of the graphical user interface that form no part of the claimed design.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-5 and 6-10, respectively. The process or period in which one image transitions to another image forms no part of the claimed design.
