The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee. The FIGURE is an image of a display screen or portion thereof with graphical user interface showing our new design.

(Continued)

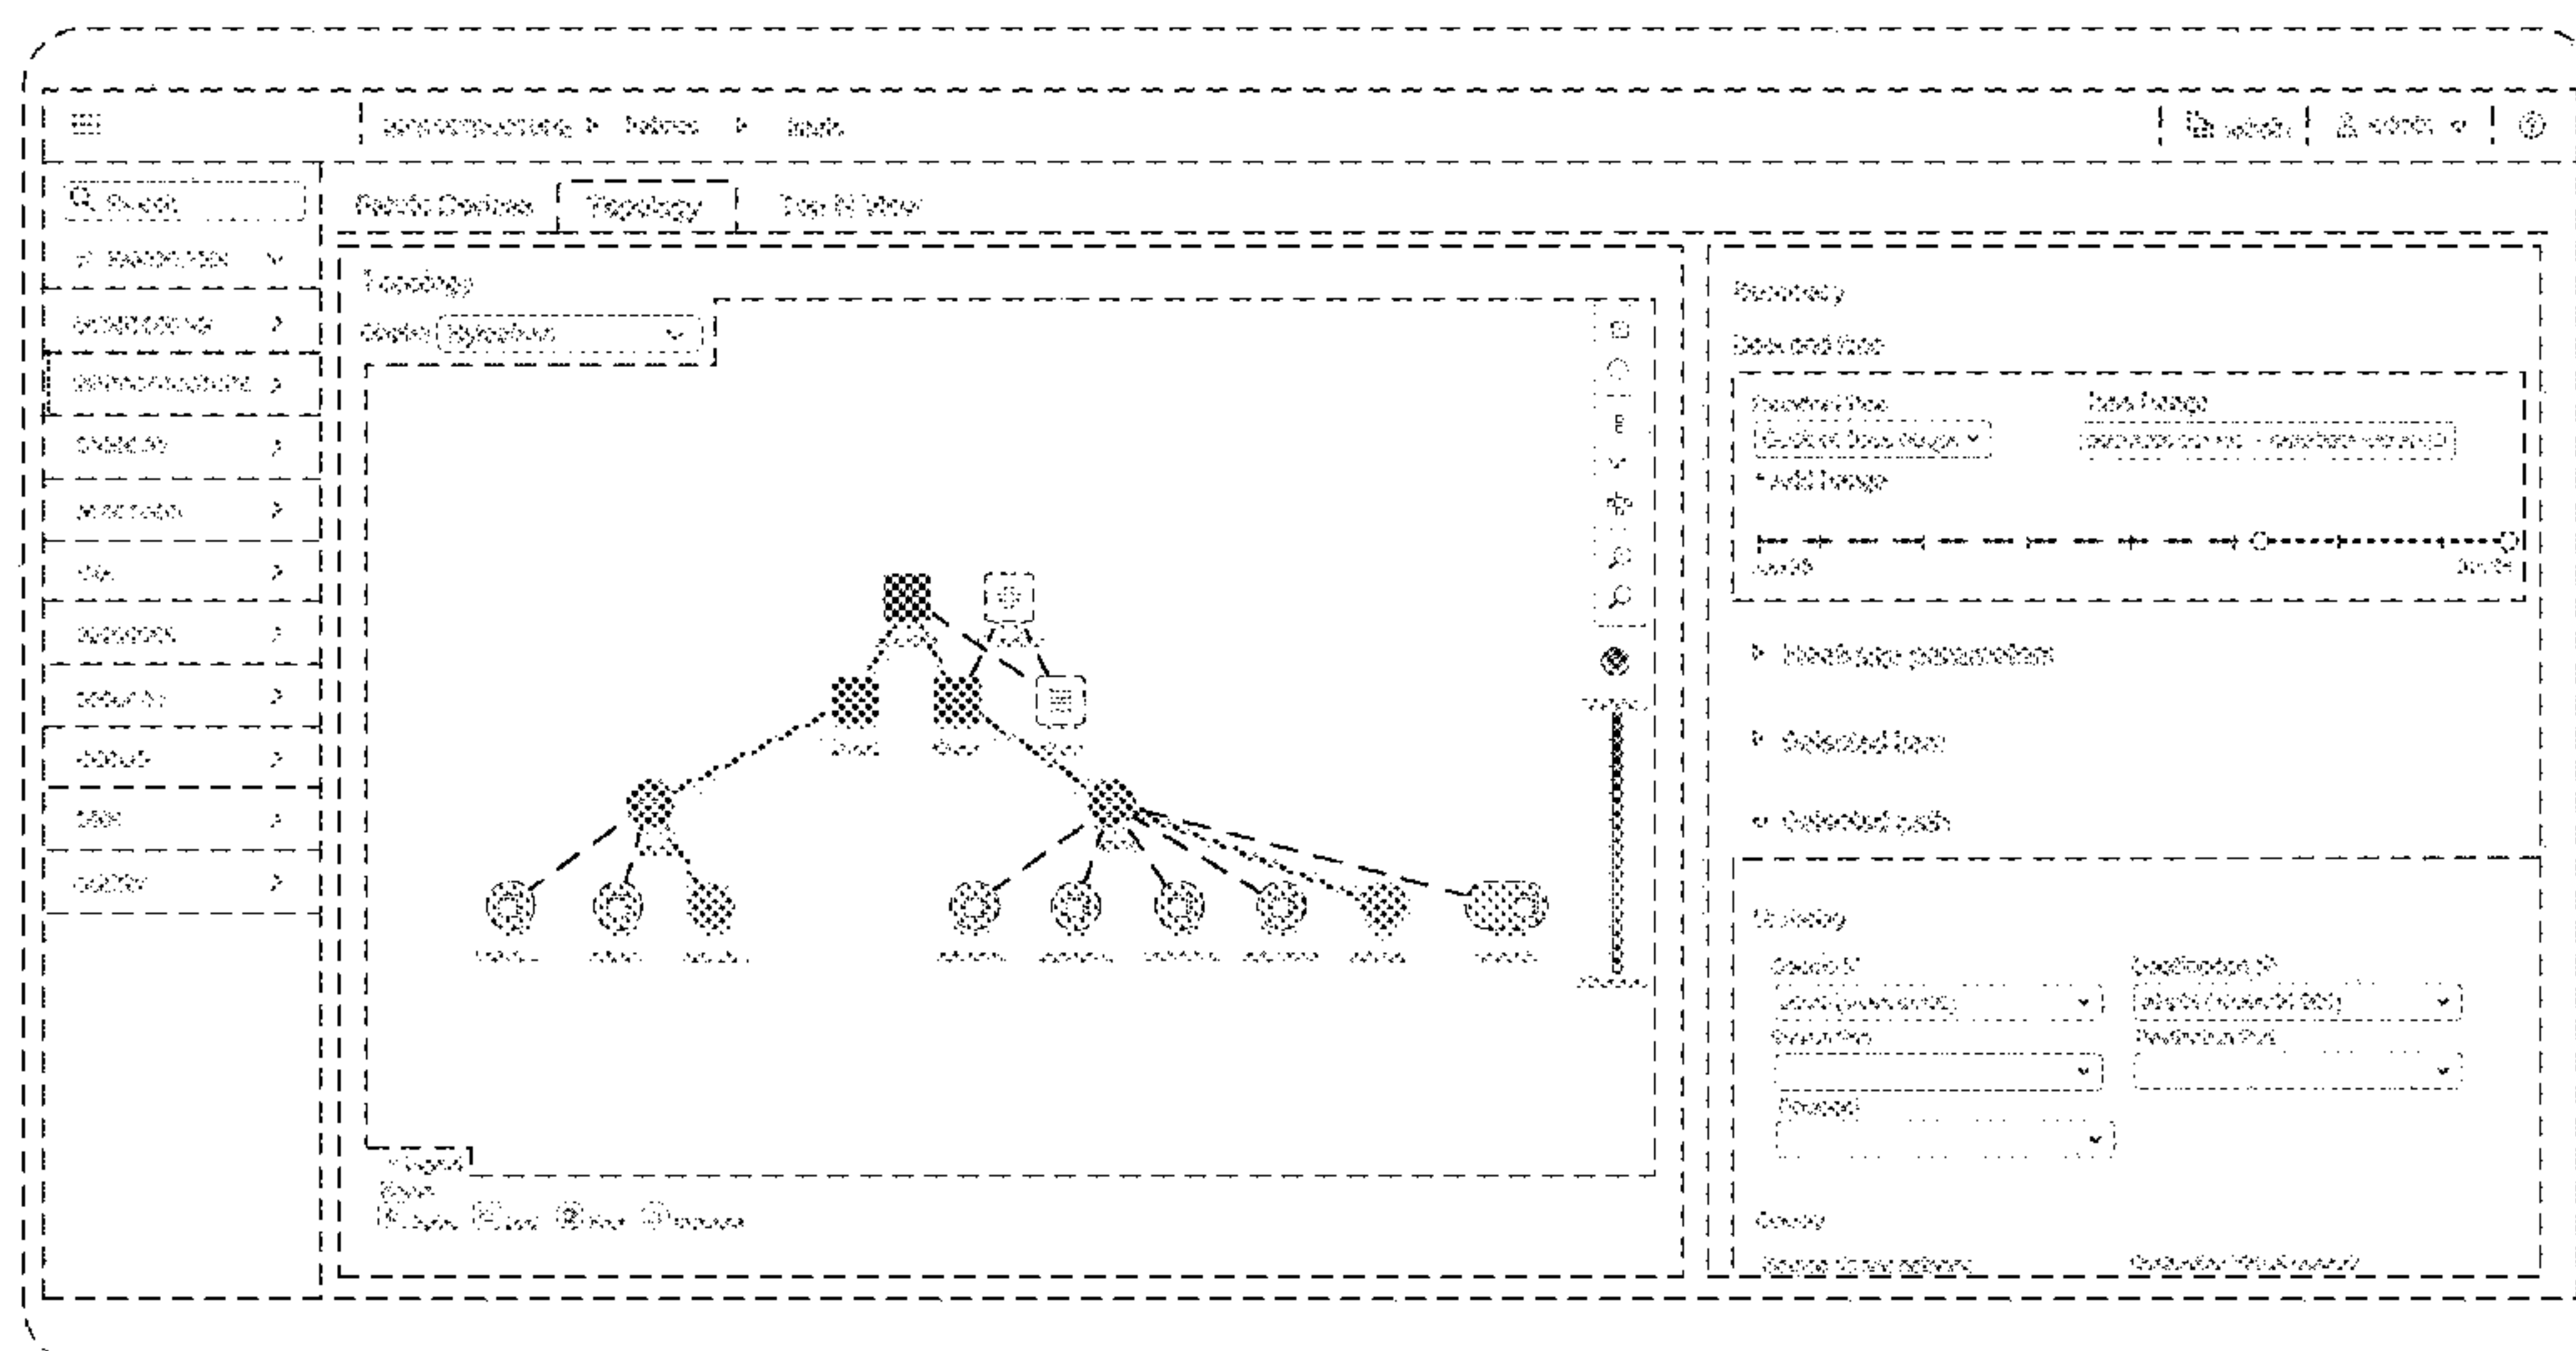

The outermost broken lines in the FIGURE illustrates a display screen or a portion thereof and form no part of the claimed design. All other broken lines show portions of the graphical user interface and form no part of the claimed design. The faded portions within broken lines form no part of the claimed design.
