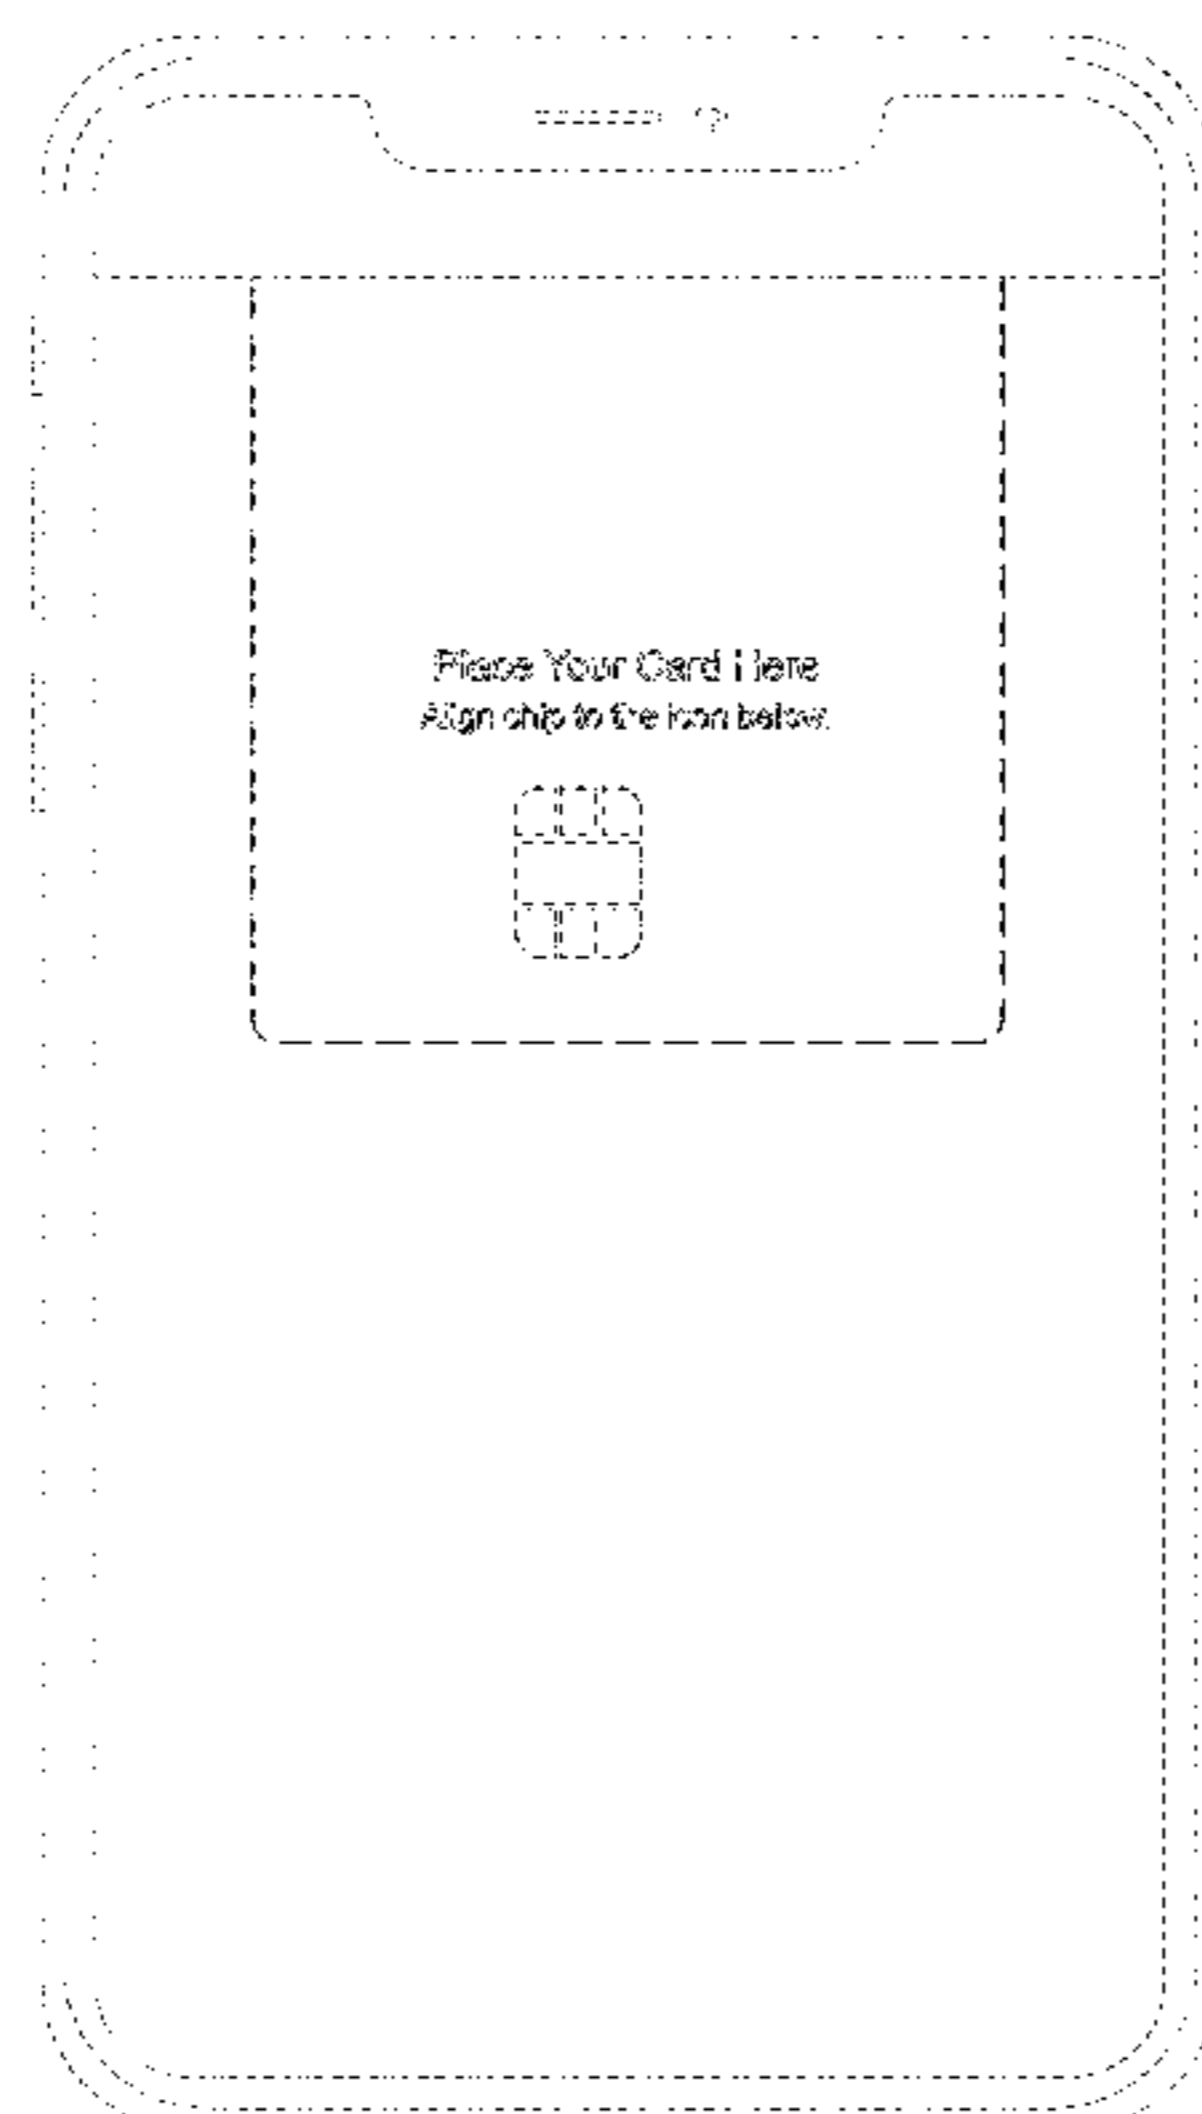

FIG. 1 is a front view of a display screen or portion thereof with graphical user interface showing a first embodiment of the claimed design; and, FIG. 2 is a second embodiment thereof. The elongated dashed lines forming a portion of a rectangular shape are included in the claimed design. The second outer broken line rectangle shows the display screen. All broken lines outside the display screen show portions of a device. All broken lines within the display screen show portions of the graphical user interface. None of the aforementioned broken lines form part of the claimed design.
