(57) **CLAIM**

The ornamental design for an artist's sink liner with flexible drain retention locking ring, as shown and described.

DESCRIPTION

FIG. 1 is a perspective top view of the artist's sink liner; FIG. 2 is a perspective side view thereof; FIG. 3 is a top view thereof, with the bottom view a mirror image of the top; FIG. 4 is a right-side elevation view thereof, with the left-side view a mirror image of the right; FIG. 5 is a front elevation view thereof, with the rear a mirror image of the front; FIG. 6 is a perspective view of the flexible drain retention locking ring; FIG. 7 is a top view thereof, with the bottom a mirror image of the top; FIG. 8 is a front elevation view thereof, with the back elevation, the left elevation, and the right elevation being a mirror image of the front; FIG. 9 is a front exploded view of the flexible drain retention locking ring in position over the artist's sink liner and in position to be inserted into a representative sink; FIG. 10 is a front cut away view showing the artist's sink liner in position in a representative sink, and with the flexible drain retention locking ring in position in the drain of the representative sink; and, FIG. 11 is a cut away detail of the flexible drain retention locking ring holding the artist's sink liner in place in the drain of the representative sink. The broken lines depict environmental subject matter, are for illustration only, and form no part of the claimed design.
