(57) **CLAIM**

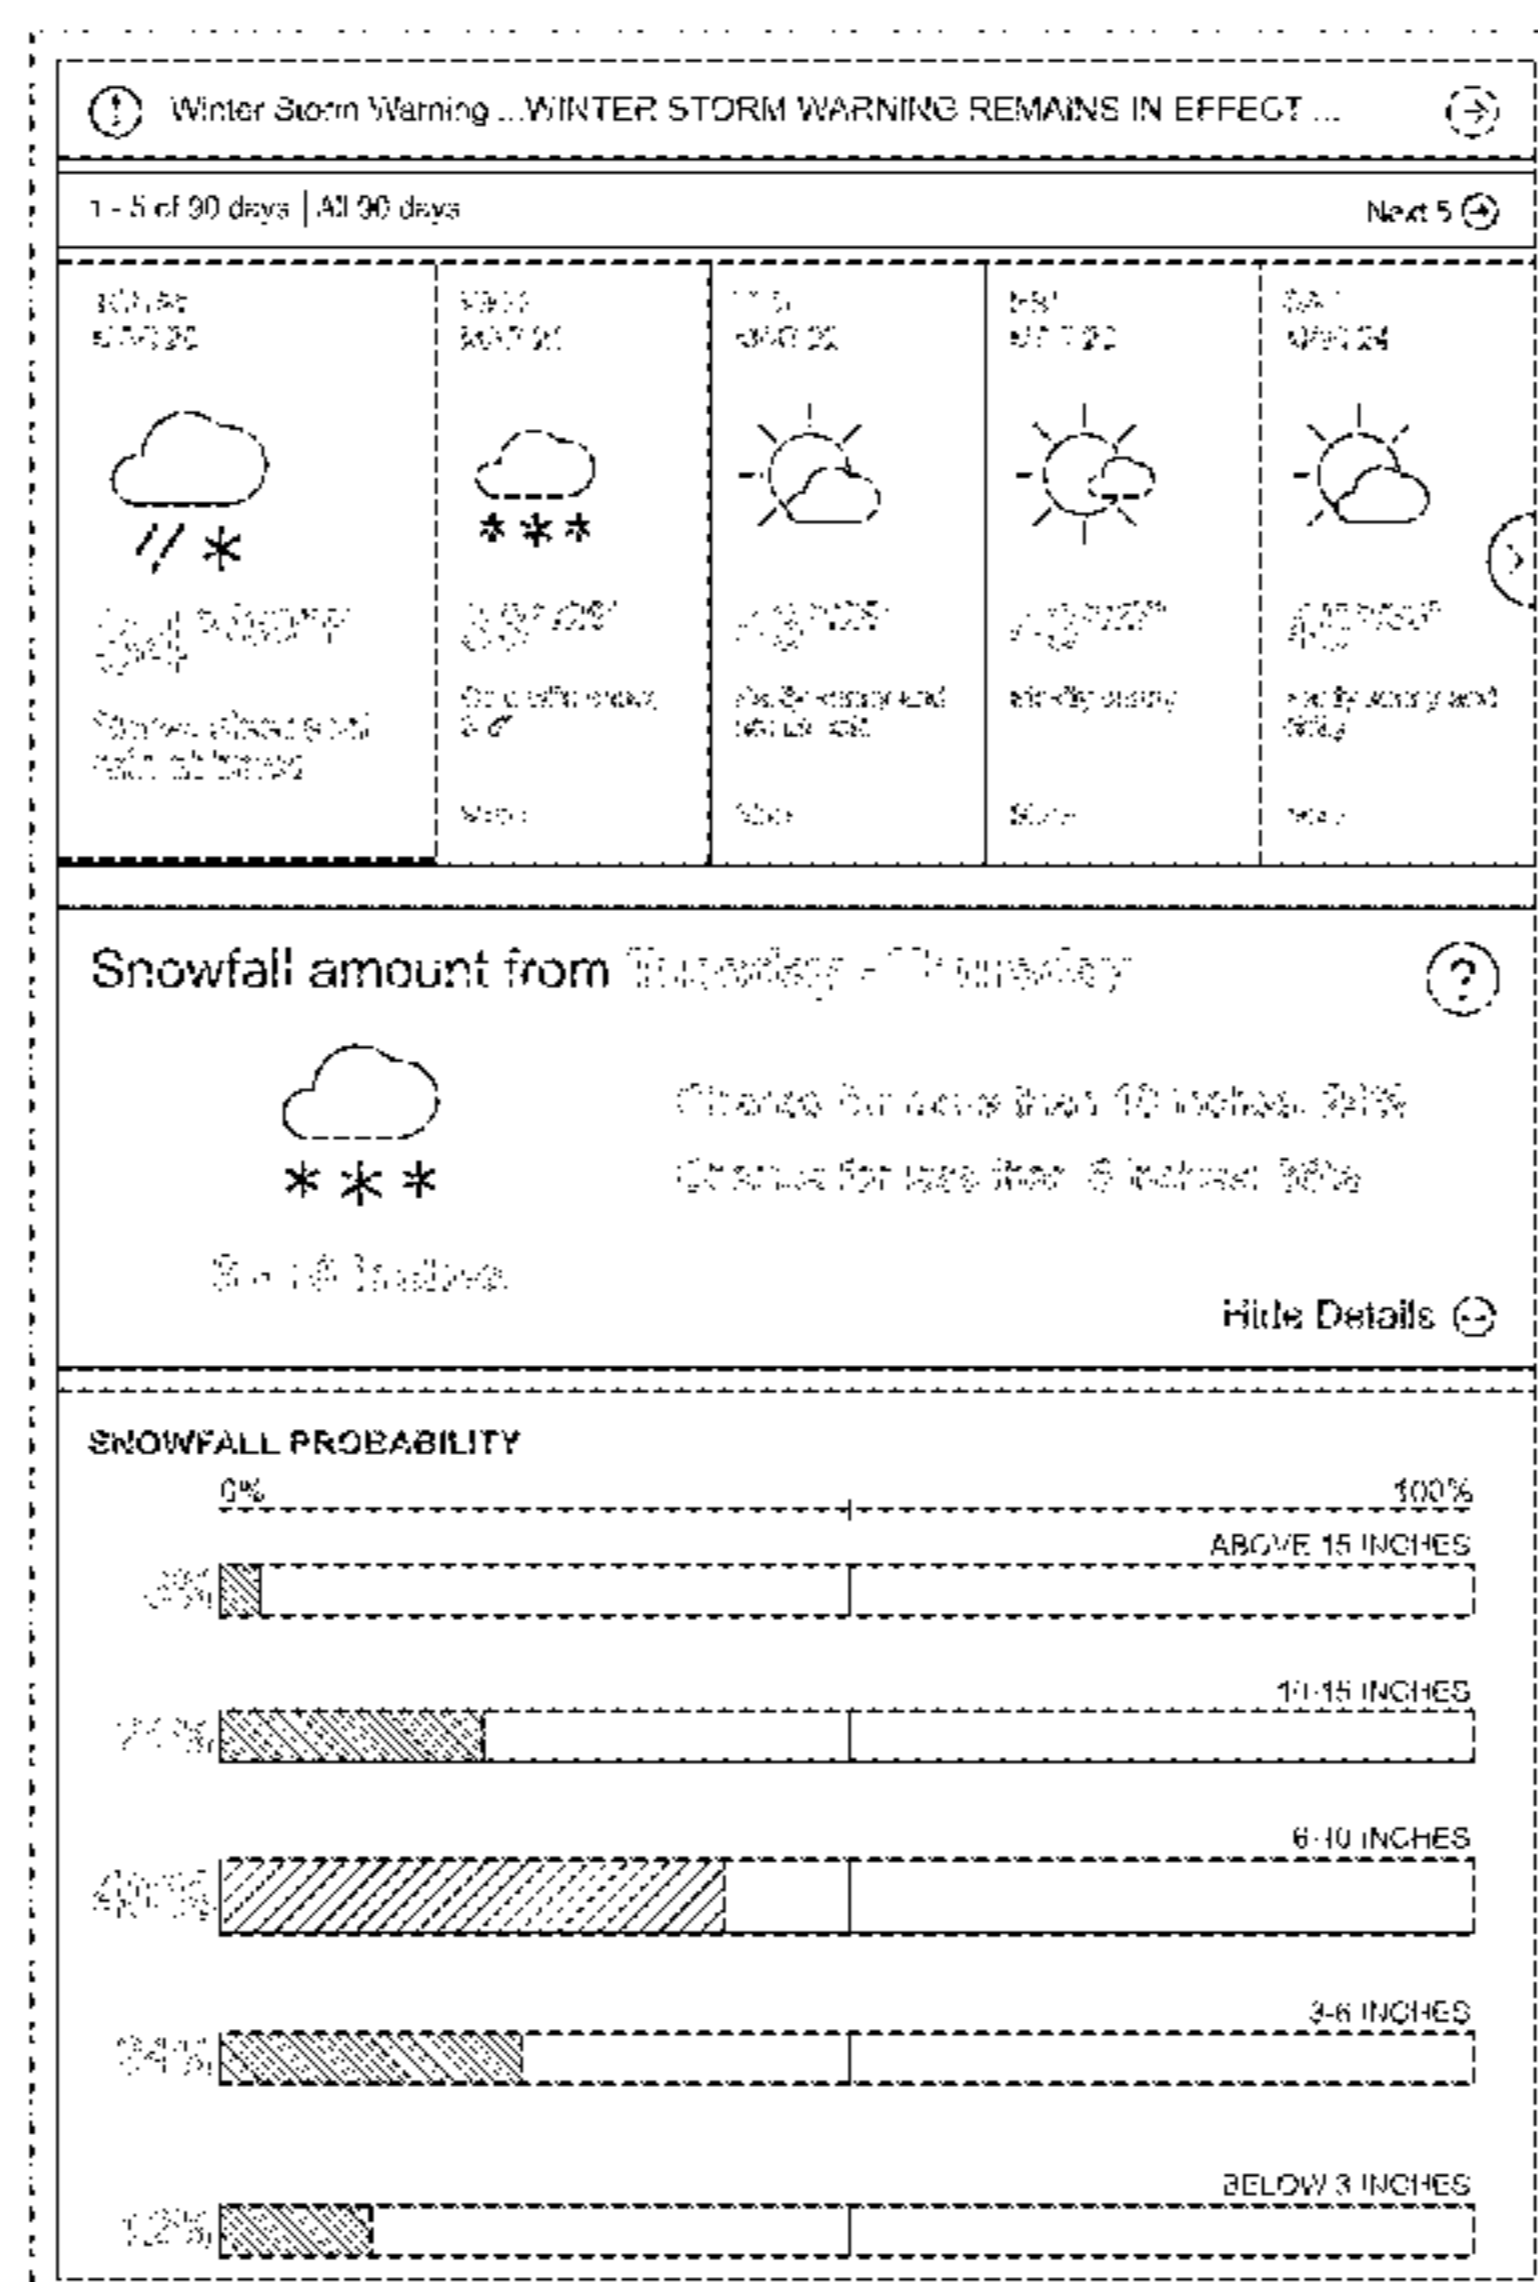

We claim the ornamental design for a display panel with graphical user interface for a communication device, as shown and described.

**DESCRIPTION**

The sole FIGURE is a front view of a display panel with graphical user interface for a communication device, showing our new design.

The outermost broken line rectangle illustrating the display panel, and the remaining broken lines illustrating portions of the graphical user interface, are included for the purpose of illustrating portions of the article and form no part of the claimed design.
