(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with graphical user interface, showing the claimed design; and,

FIG. 2 is a perspective view thereof in an environment.

The outermost broken line in FIG. 1 shows a display screen or portion thereof and forms no part of the claimed design. The remaining broken lines in FIG. 1 show portions of the graphical user interface that form no part of the claimed design.

The broken line surrounding the graphical user interface in FIG. 2 shows a display screen or portion thereof and forms no part of the claimed design. The broken lines inside the graphical user interface in FIG. 2 show portions of the graphical user interface that form no part of the claimed design. The remaining broken lines in FIG. 2 illustrate a sewing machine as an environment and form no part of the claimed design.
