(57) **CLAIM**

What is claimed is an ornamental design for a display screen of a programmed computer system with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a view of a first embodiment of a display screen of a programmed computer system with graphical user interface; and, FIG. 2 is a view of a second embodiment thereof. The broken lines illustrate the display screen of a programmed computer system and portions of the graphical user interface that form no part of the claimed design.
