(57) **CLAIM**

The ornamental design for a gaming die, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a gaming die in accordance with the present invention;
FIG. 2 is a front view thereof;
FIG. 3 is a left view thereof;
FIG. 4 is an elevated left view thereof; and,
FIG. 5 is a top view thereof, with part of the environment (the donut and the decagon platform on the top of the die) removed.

The back view (not individually shown) is a mirror image of the front view shown in FIG. 2.

The right view (not individually shown) is a mirror image of the left view shown in FIG. 3.

The bottom view (not individually shown) is a mirror image of the top view shown in FIG. 5.

The broken lines forming trapezoids on the sides of the die, and the broken lines on the top of the die, represent boundaries which form no part of the claimed design.

All other broken lines (the numerical symbols on the sides of the die, the donut and the decagon platform on the top and bottom of the die) represent environment and form no part of the claimed design.
