(57) **CLAIM**

The ornamental design for an indicator for a subsea valve actuator, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an indicator for a subsea valve actuator showing our new design;
FIG. 2 is a right side elevational view of the indicator of FIG. 1;
FIG. 3 is a left side elevational view of the indicator of FIG. 1;
FIG. 4 is a front side elevational view of the indicator of FIG. 1;
FIG. 5 is a rear side elevational view of the indicator of FIG. 1;
FIG. 6 is a top plan view of the indicator of FIG. 1; and, FIG. 7 is a bottom plan view of the indicator of FIG. 1.
The broken lines shown in the drawings illustrate portions of the indicator for a subsea valve actuator that form no part of the claimed design.

1 Claim, 7 Drawing Sheets
