(57) **CLAIM**

The ornamental design for a tire, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a tire showing our new design, it being understood that the pattern repeats uniformly throughout the circumference of the tread;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a right side elevational view thereof; the left side elevational view being identical thereto; and,

FIG. 4 is an enlarged fragmentary front elevational view of FIG. 2.

The broken lines shown in FIG. 2 are for the purpose of demarcation of the enlarged fragmentary front elevational view depicted in FIG. 4, and form no part of the claimed design.

In the drawings, the low contrasted portions of the tire defining the interior portions of the tire depicts subject matter that forms no part of the claimed design.
