(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

**DESCRIPTION**

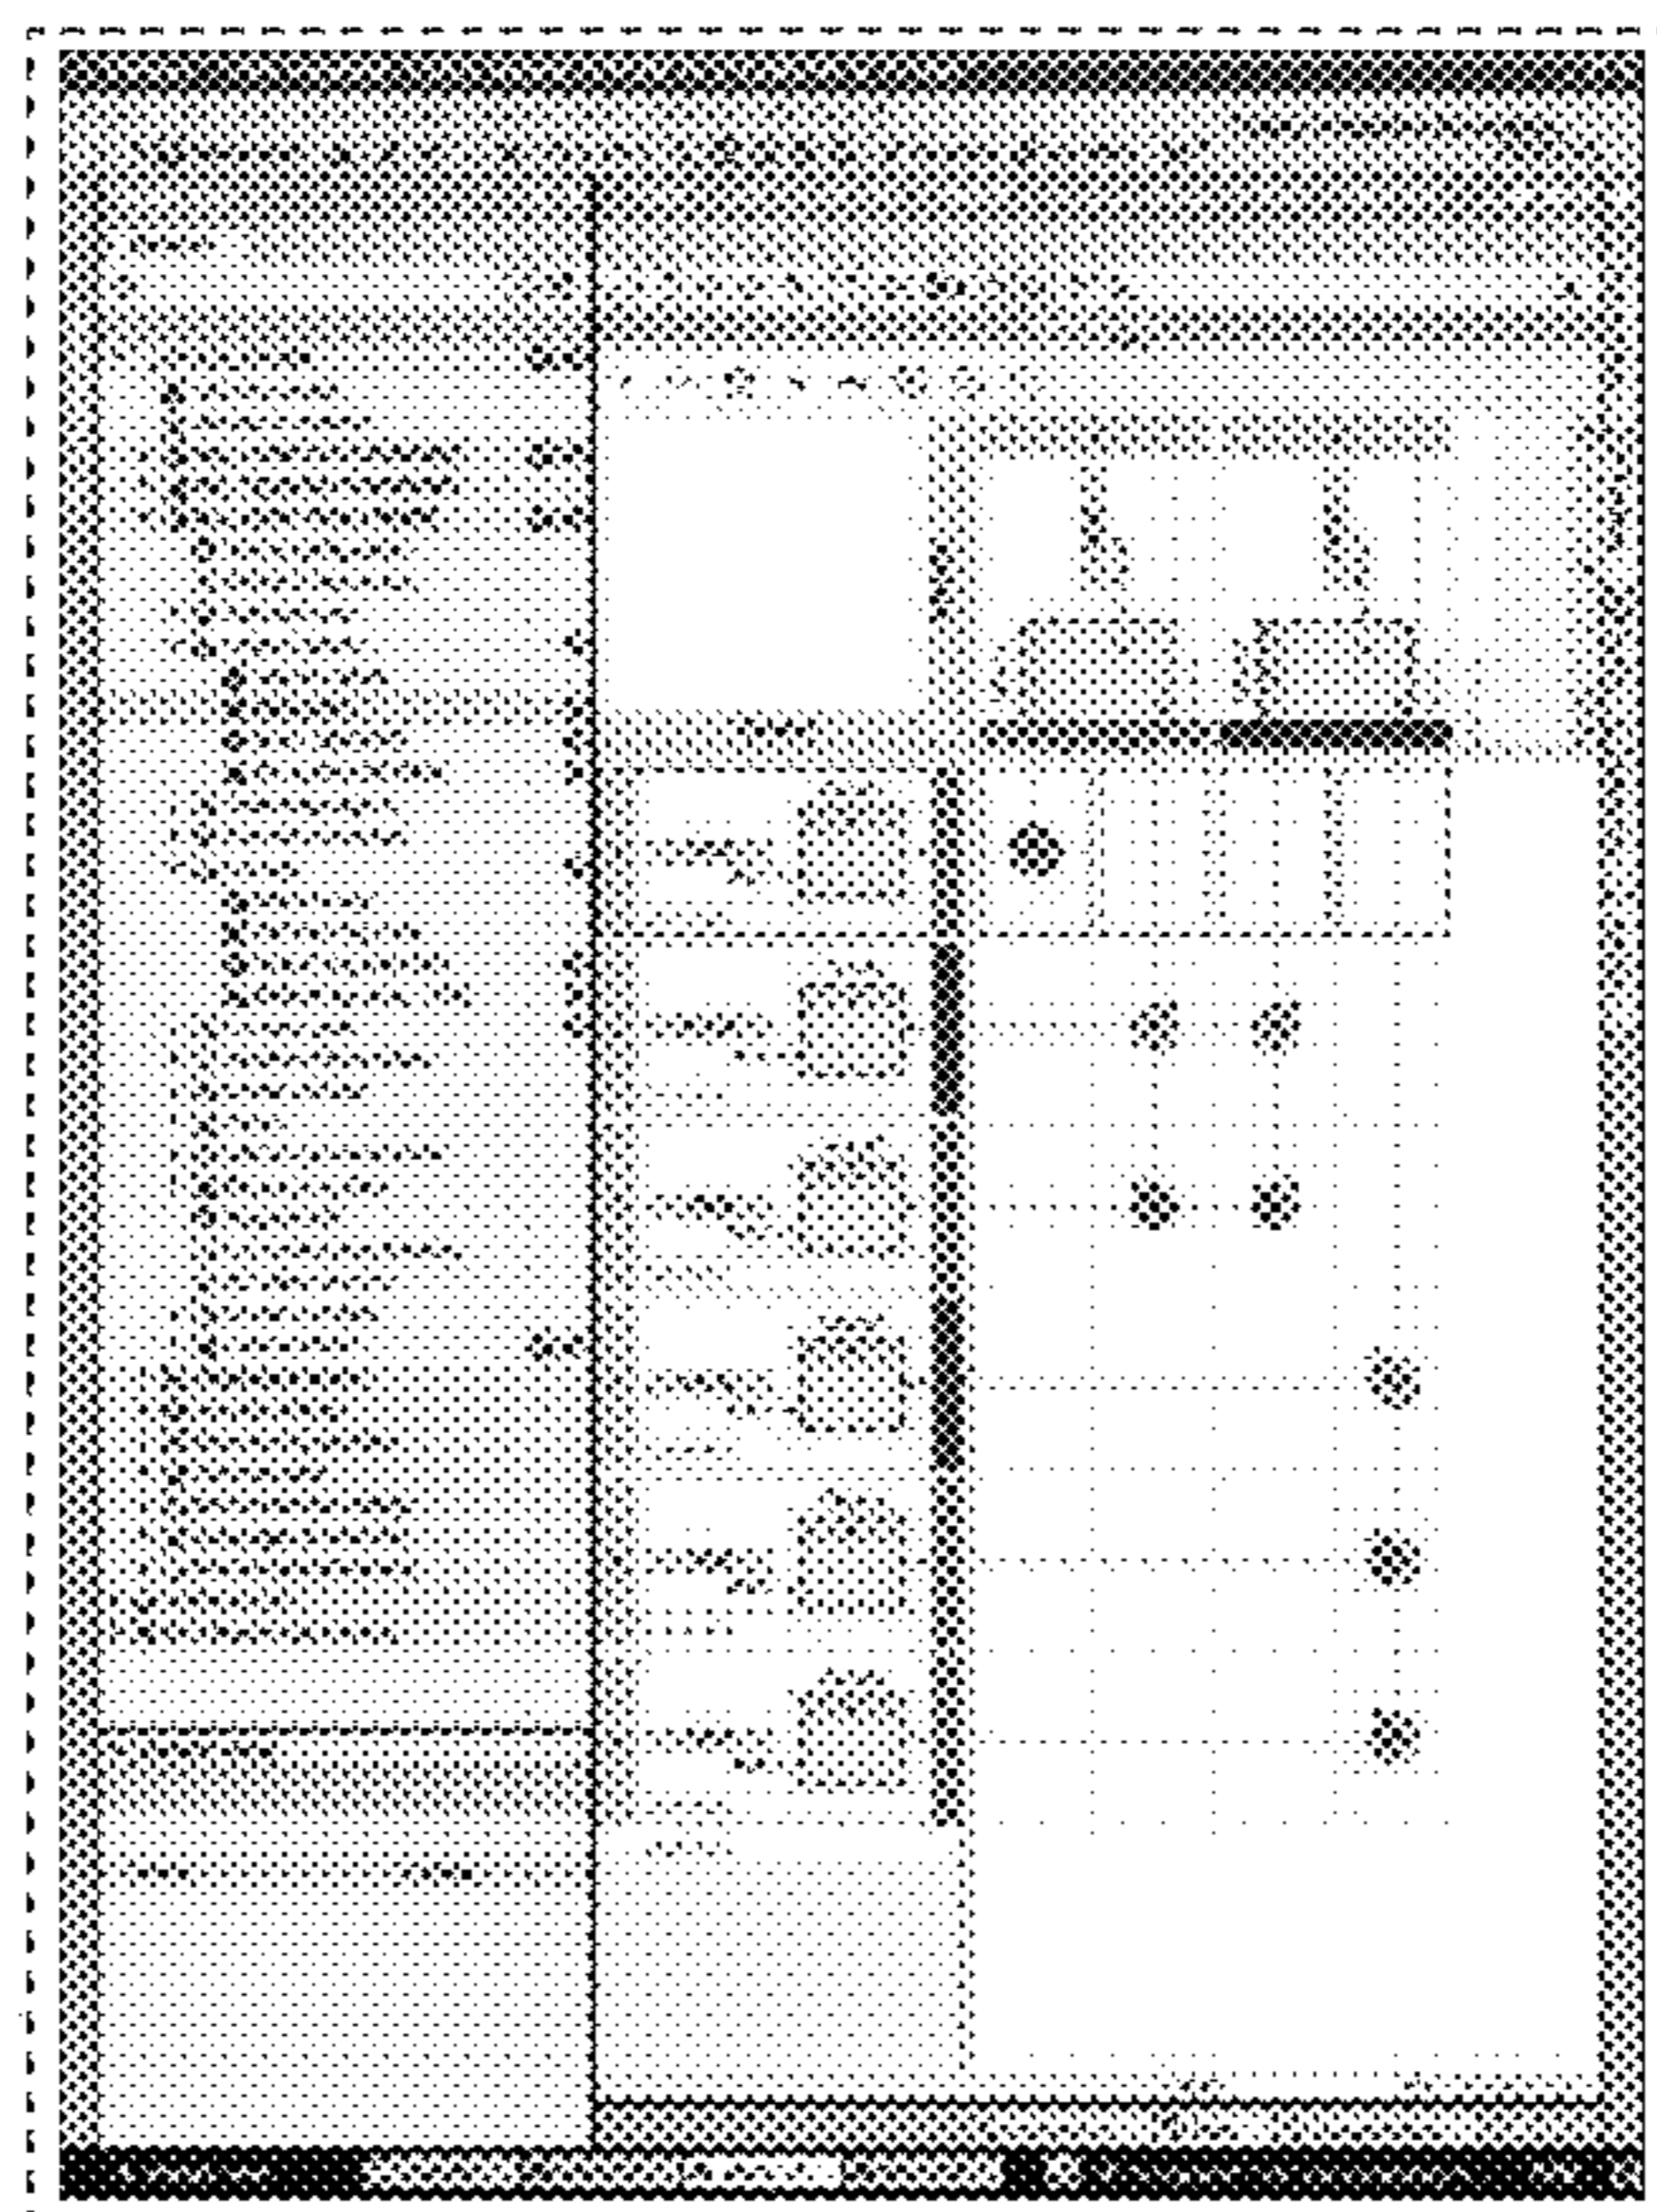

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

The FIGURE is a front elevational view of a display screen with graphical user interface showing our new design.

The broken lines illustrate a display screen and form no part of the claimed design.

The blue dashed lines within the graphical user interface form a part of the claim.
