(57) **CLAIM**

The ornamental design for an assembly of insect deterrent and repeller, as shown and described.

DESCRIPTION

FIG. 1 is a front, right side, top perspective view of an assembly of insect deterrent and repeller showing the claimed design;
FIG. 2 is a front elevational view thereof;
FIG. 3 is a rear elevational view thereof;
FIG. 4 is a left side elevational view thereof, the right side view of which is an identical view thereto and is omitted therefor;
FIG. 5 is a top plan view thereof;
FIG. 6 is a bottom plan view thereof; and,
FIG. 7 is an exploded rear, left side, top perspective view thereof, wherein an insect deterrent is upward separated from an insect repeller.
A bottom view of the insect deterrent is omitted since it does not contain ornamental features. The dashed broken lines in the drawing depict portions of the assembly of insect deterrent and repeller that form no part of the claimed design.
