(57) **CLAIM**

The ornamental design for a veterinary boot for animal, as shown and described.

DESCRIPTION

FIG. 1 is a front side perspective view of a veterinary boot for animal showing my new design in a condition of use being worn by an animal patient and in a first configuration with a monitoring cable connected to the veterinary boot for animal.

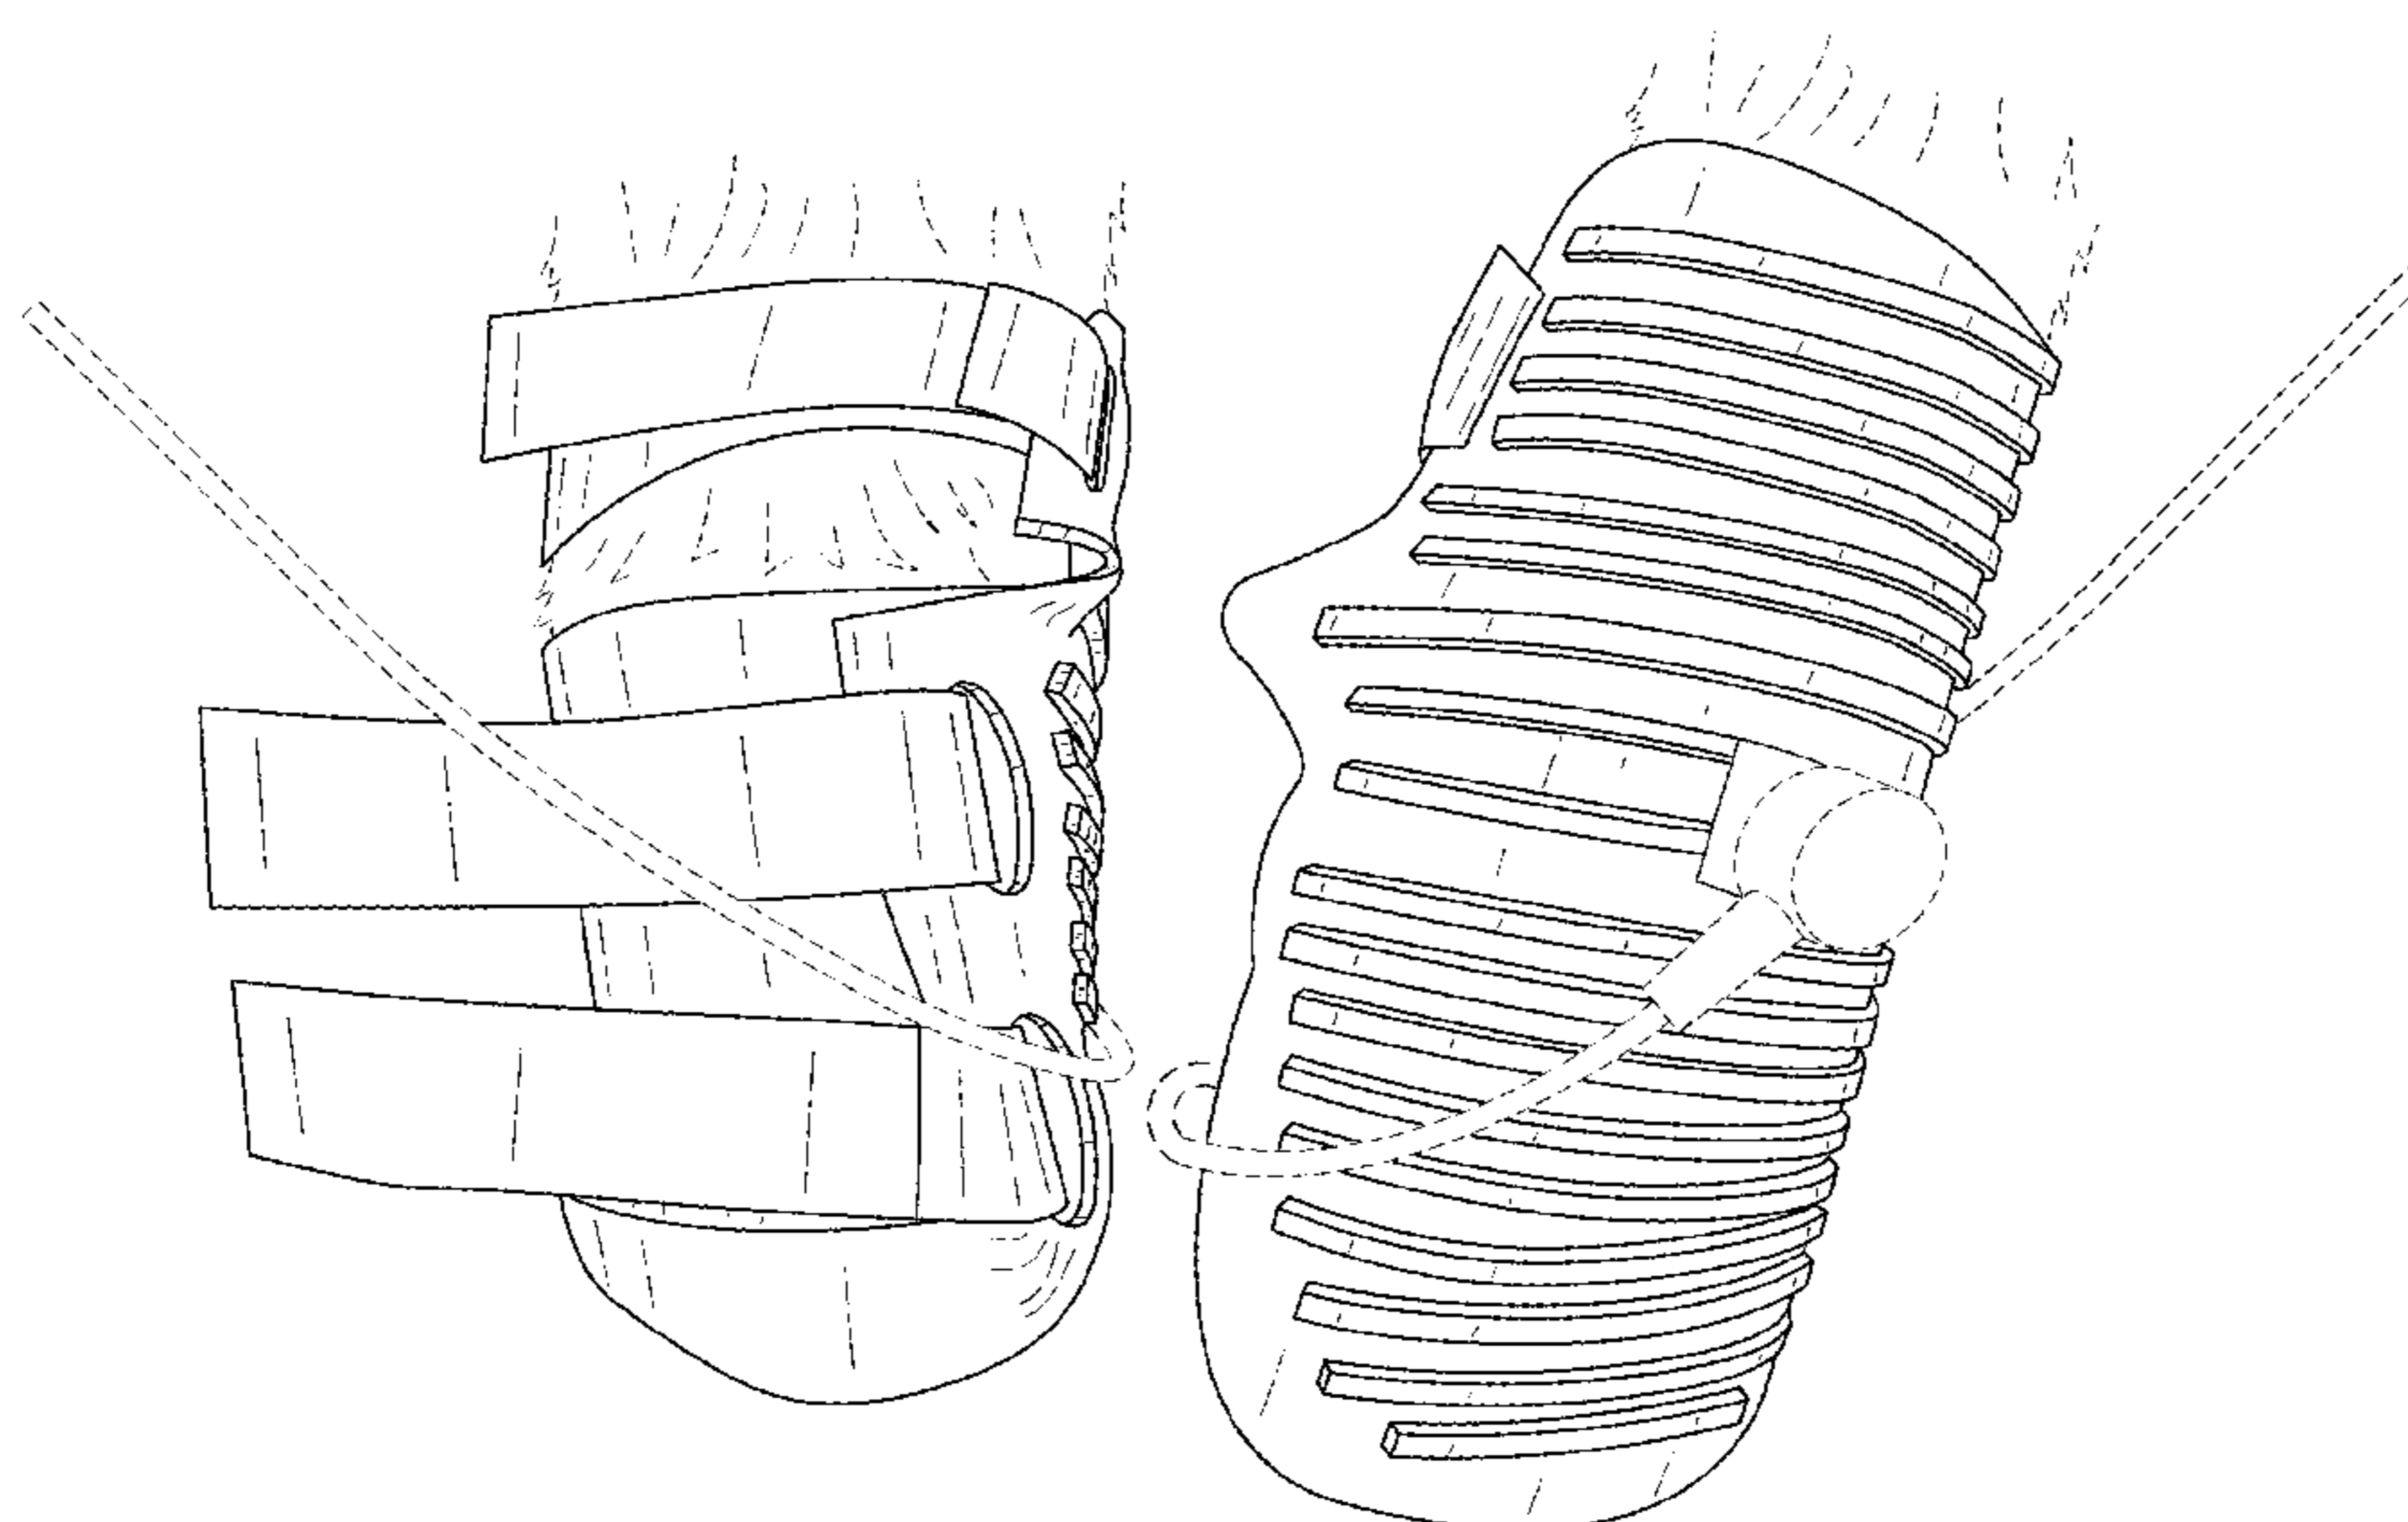

FIG. 2 is a front perspective view of the veterinary boot for animal shown in a second configuration without the monitoring cable.

FIG. 3 is a back side perspective view of the veterinary boot for animal shown in the first configuration and in the condition of use; and,

FIG. 4 is a back perspective view of the veterinary boot for animal shown in the second configuration.

The broken lines shown in the Figures depict environment that form no part of the claimed design.

1 Claim, 4 Drawing Sheets
