(57) **CLAIM**

The ornamental design for a bed, as shown and described.

DESCRIPTION

Figure 12.1 illustrates a first front perspective view of our design for a bed with the left headboard cushion portion positioned away from the frame portion;
 Figure 12.2 illustrates a second front perspective view of our design for a bed with the right headboard cushion portion positioned away from the frame portion;
 Figure 12.3 illustrates a third front perspective view of our design for a bed with the both the left and right headboard cushion portions positioned in an upright position relative to the frame portion;
 Figure 12.4 illustrates a side perspective view of our design for a bed with the right headboard cushion portion positioned away from the frame portion;
 Figure 12.5 illustrates a first rear perspective view of our design for a bed with the right headboard cushion portion positioned away from the frame portion;
 Figure 12.6 illustrates a second rear perspective view of our design for a bed with both the left and the right headboard cushion portions positioned away from the frame portion; and
 Figure 12.7 illustrates a third rear perspective view of our design for a bed with both the left and right headboard cushion portions positioned towards the frame portion;
 In the drawings, the broken lines illustrate environment that forms no part of the claimed design.

1 Claim, 7 Drawing Sheets
