(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. **1** is a front view of a display screen with graphical user interface of our new design; and,
FIG. **2** is an enlarged view of the portion surrounded by the dashed-dotted line in FIG.**1**.
The broken line showing of the display screen and the interior dash-dash broken lines showing graphical user interface elements are included for illustrating portions of the article and form no part of the claimed design. The dot-dash broken line circle and the dot-dash lead line labeled **2** indicates the area from which the enlargement is taken and forms no part of the claimed design.
