(57) **CLAIM**

The ornamental design for a tire, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a tire taken from the front and a first side thereof;
 FIG. 2 is a front view thereof;
 FIG. 3 is a first side view thereof;
 FIG. 4 is an enlarged, partial perspective view taken from the front and the first side thereof;
 FIG. 5 is an enlarged, partial front view thereof; and
 FIG. 6 is an enlarged, partial first side view thereof;
 FIG. 7 is a perspective view taken from the front and a second side thereof;
 FIG. 8 is a second side view thereof;
 FIG. 9 is an enlarged, partial perspective view taken from the front and the second side thereof; and,
 FIG. 10 is an enlarged, partial second side view thereof.
 The broken lines and the sidewall region between the broken lines that define the inner bead and the sidewall depict subject matter that forms no part of the claimed tire design and are included for the purpose of illustrating the full tire. Likewise, the tire interior forms no part of the claim. The tread pattern is understood to repeat throughout the circumference of the tire, and the top and bottom views are the same as the front view based on the repeating nature of the tread design pattern.
