The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing(s)/photograph(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a display screen or portion thereof with animated graphical user interface showing our new design;

FIG. 2 is a front view of a second image thereof; and,

FIG. 3 is a front view of a third image thereof.

The peripheral dashed broken lines illustrate a display screen or portion thereof, and form no part of the claimed design. The broken lines within the peripheral dashed broken lines illustrate portions of the graphical user interface which form no part of the claimed design.

The appearance of the graphical user interface transitions sequentially between the images shown in FIGS. 1-3. The process or period in which one image transitions to another image forms no part of the claimed design.
