(57) **CLAIM**

The ornamental design for a mechanical construction model, as shown and described.

**DESCRIPTION**

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 2.1 shows a perspective rear view of the mechanical construction model according to the present invention in a launch position;

FIG. 2.2 shows a left-side view of the mechanical construction model of FIG. 2.1;

FIG. 2.3 shows a perspective front view of the mechanical construction model of FIG. 2.1;

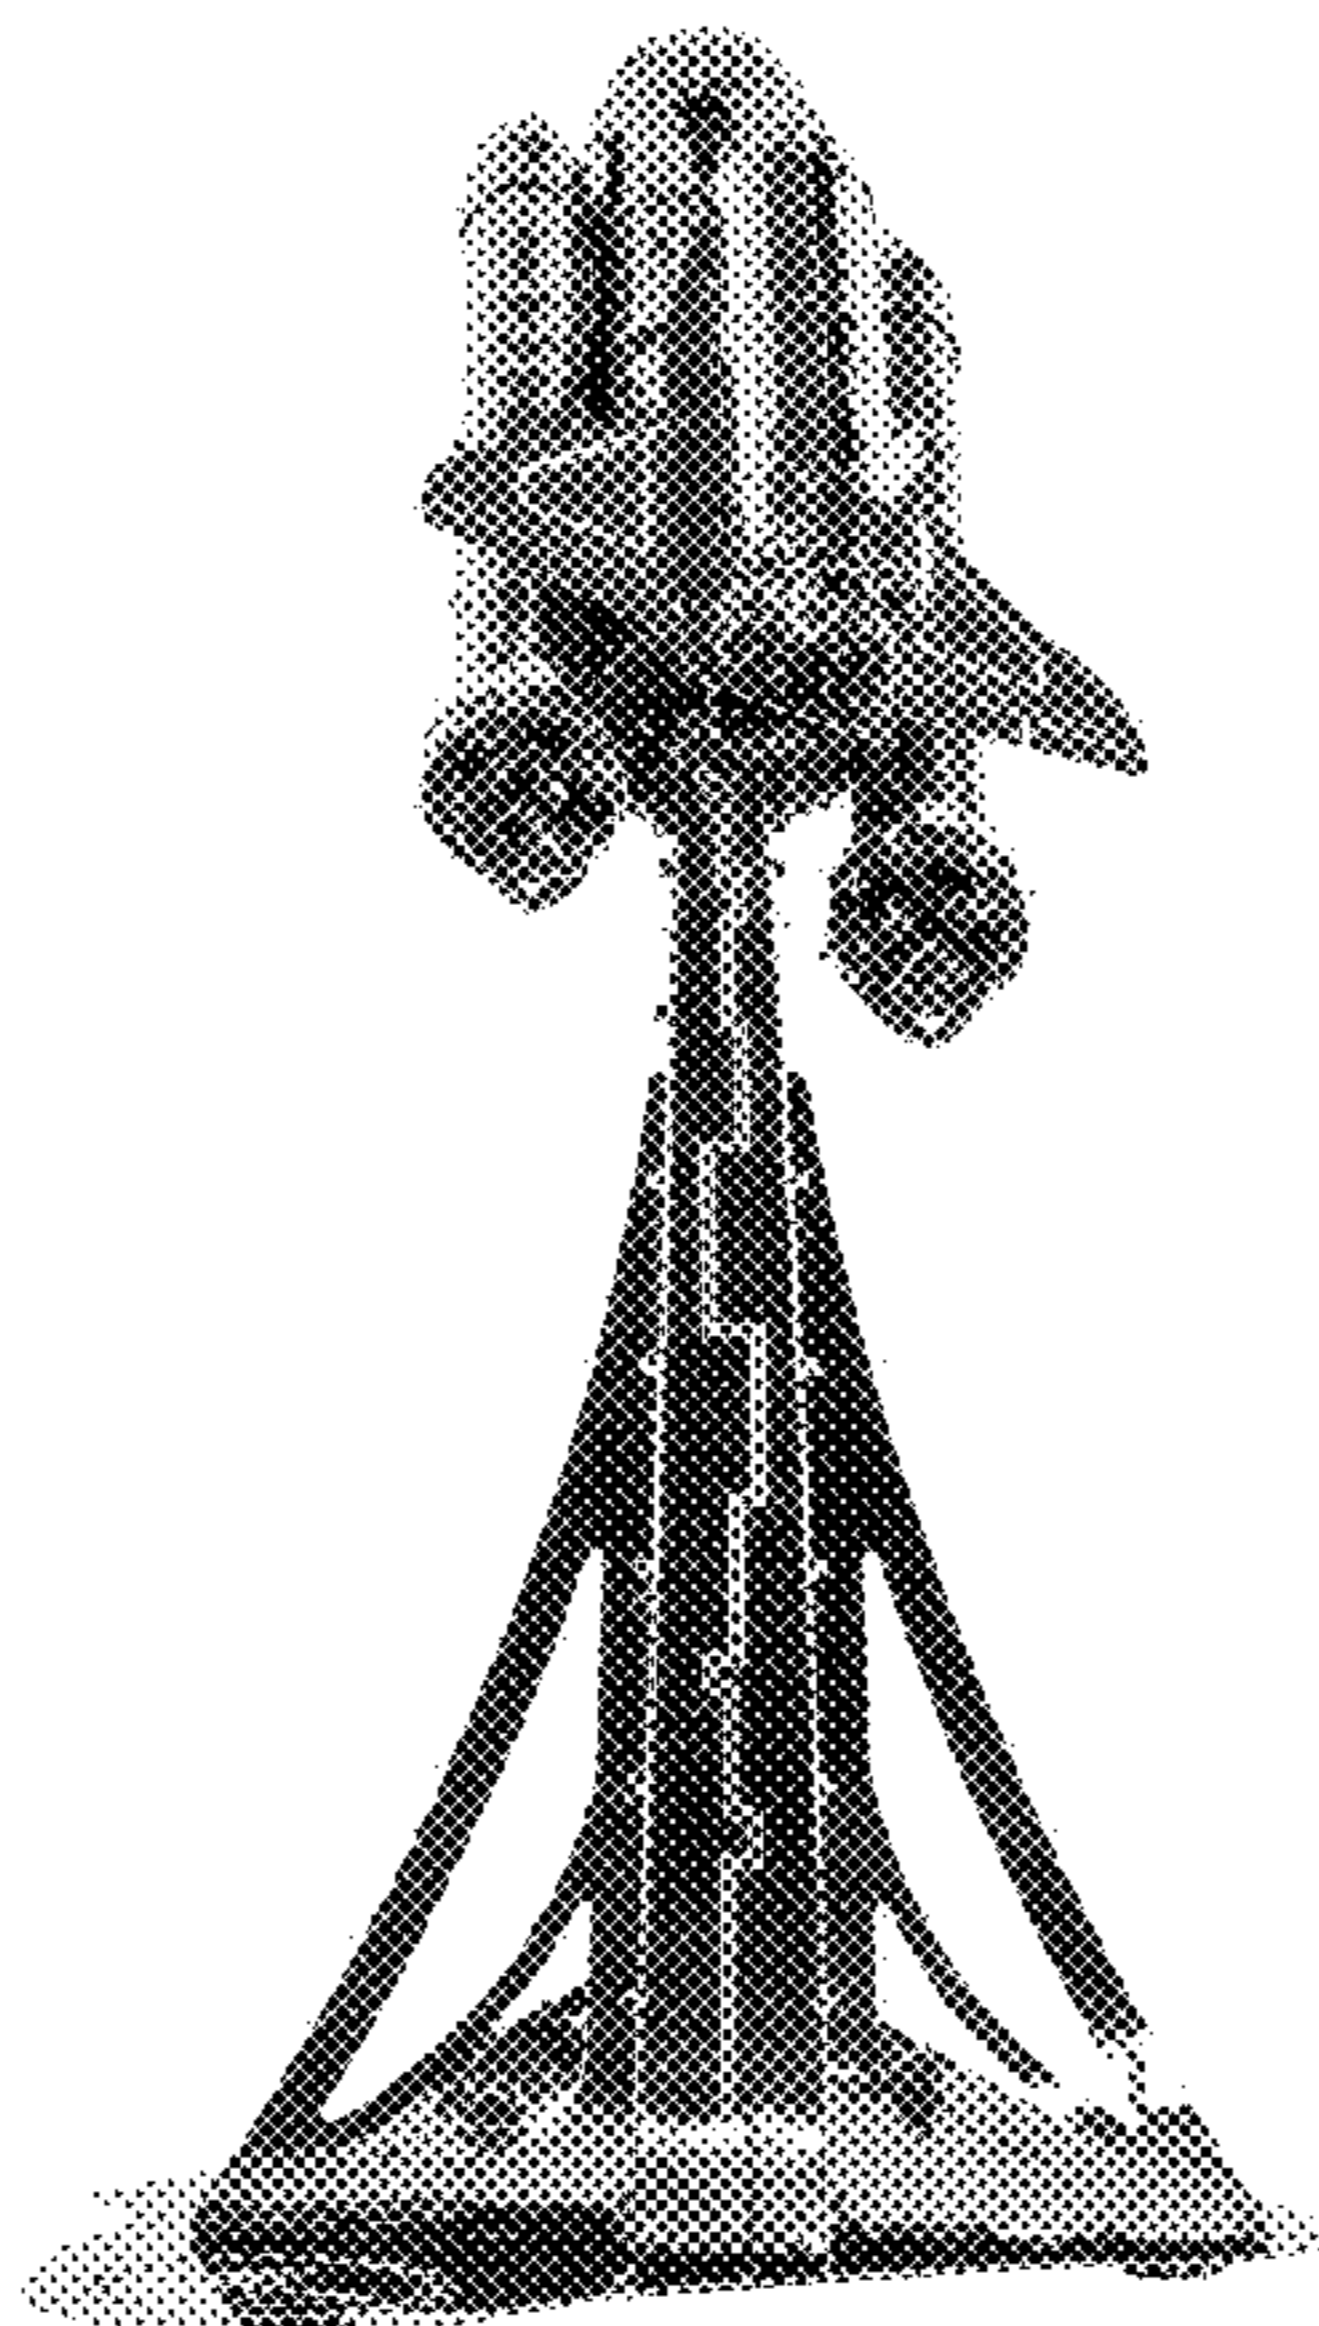

FIG. 2.4 shows side view of the mechanical construction model of FIG. 2.1 in a rest position;

FIG. 2.5 shows a perspective right-side view of the mechanical construction model of FIG. 2.1;

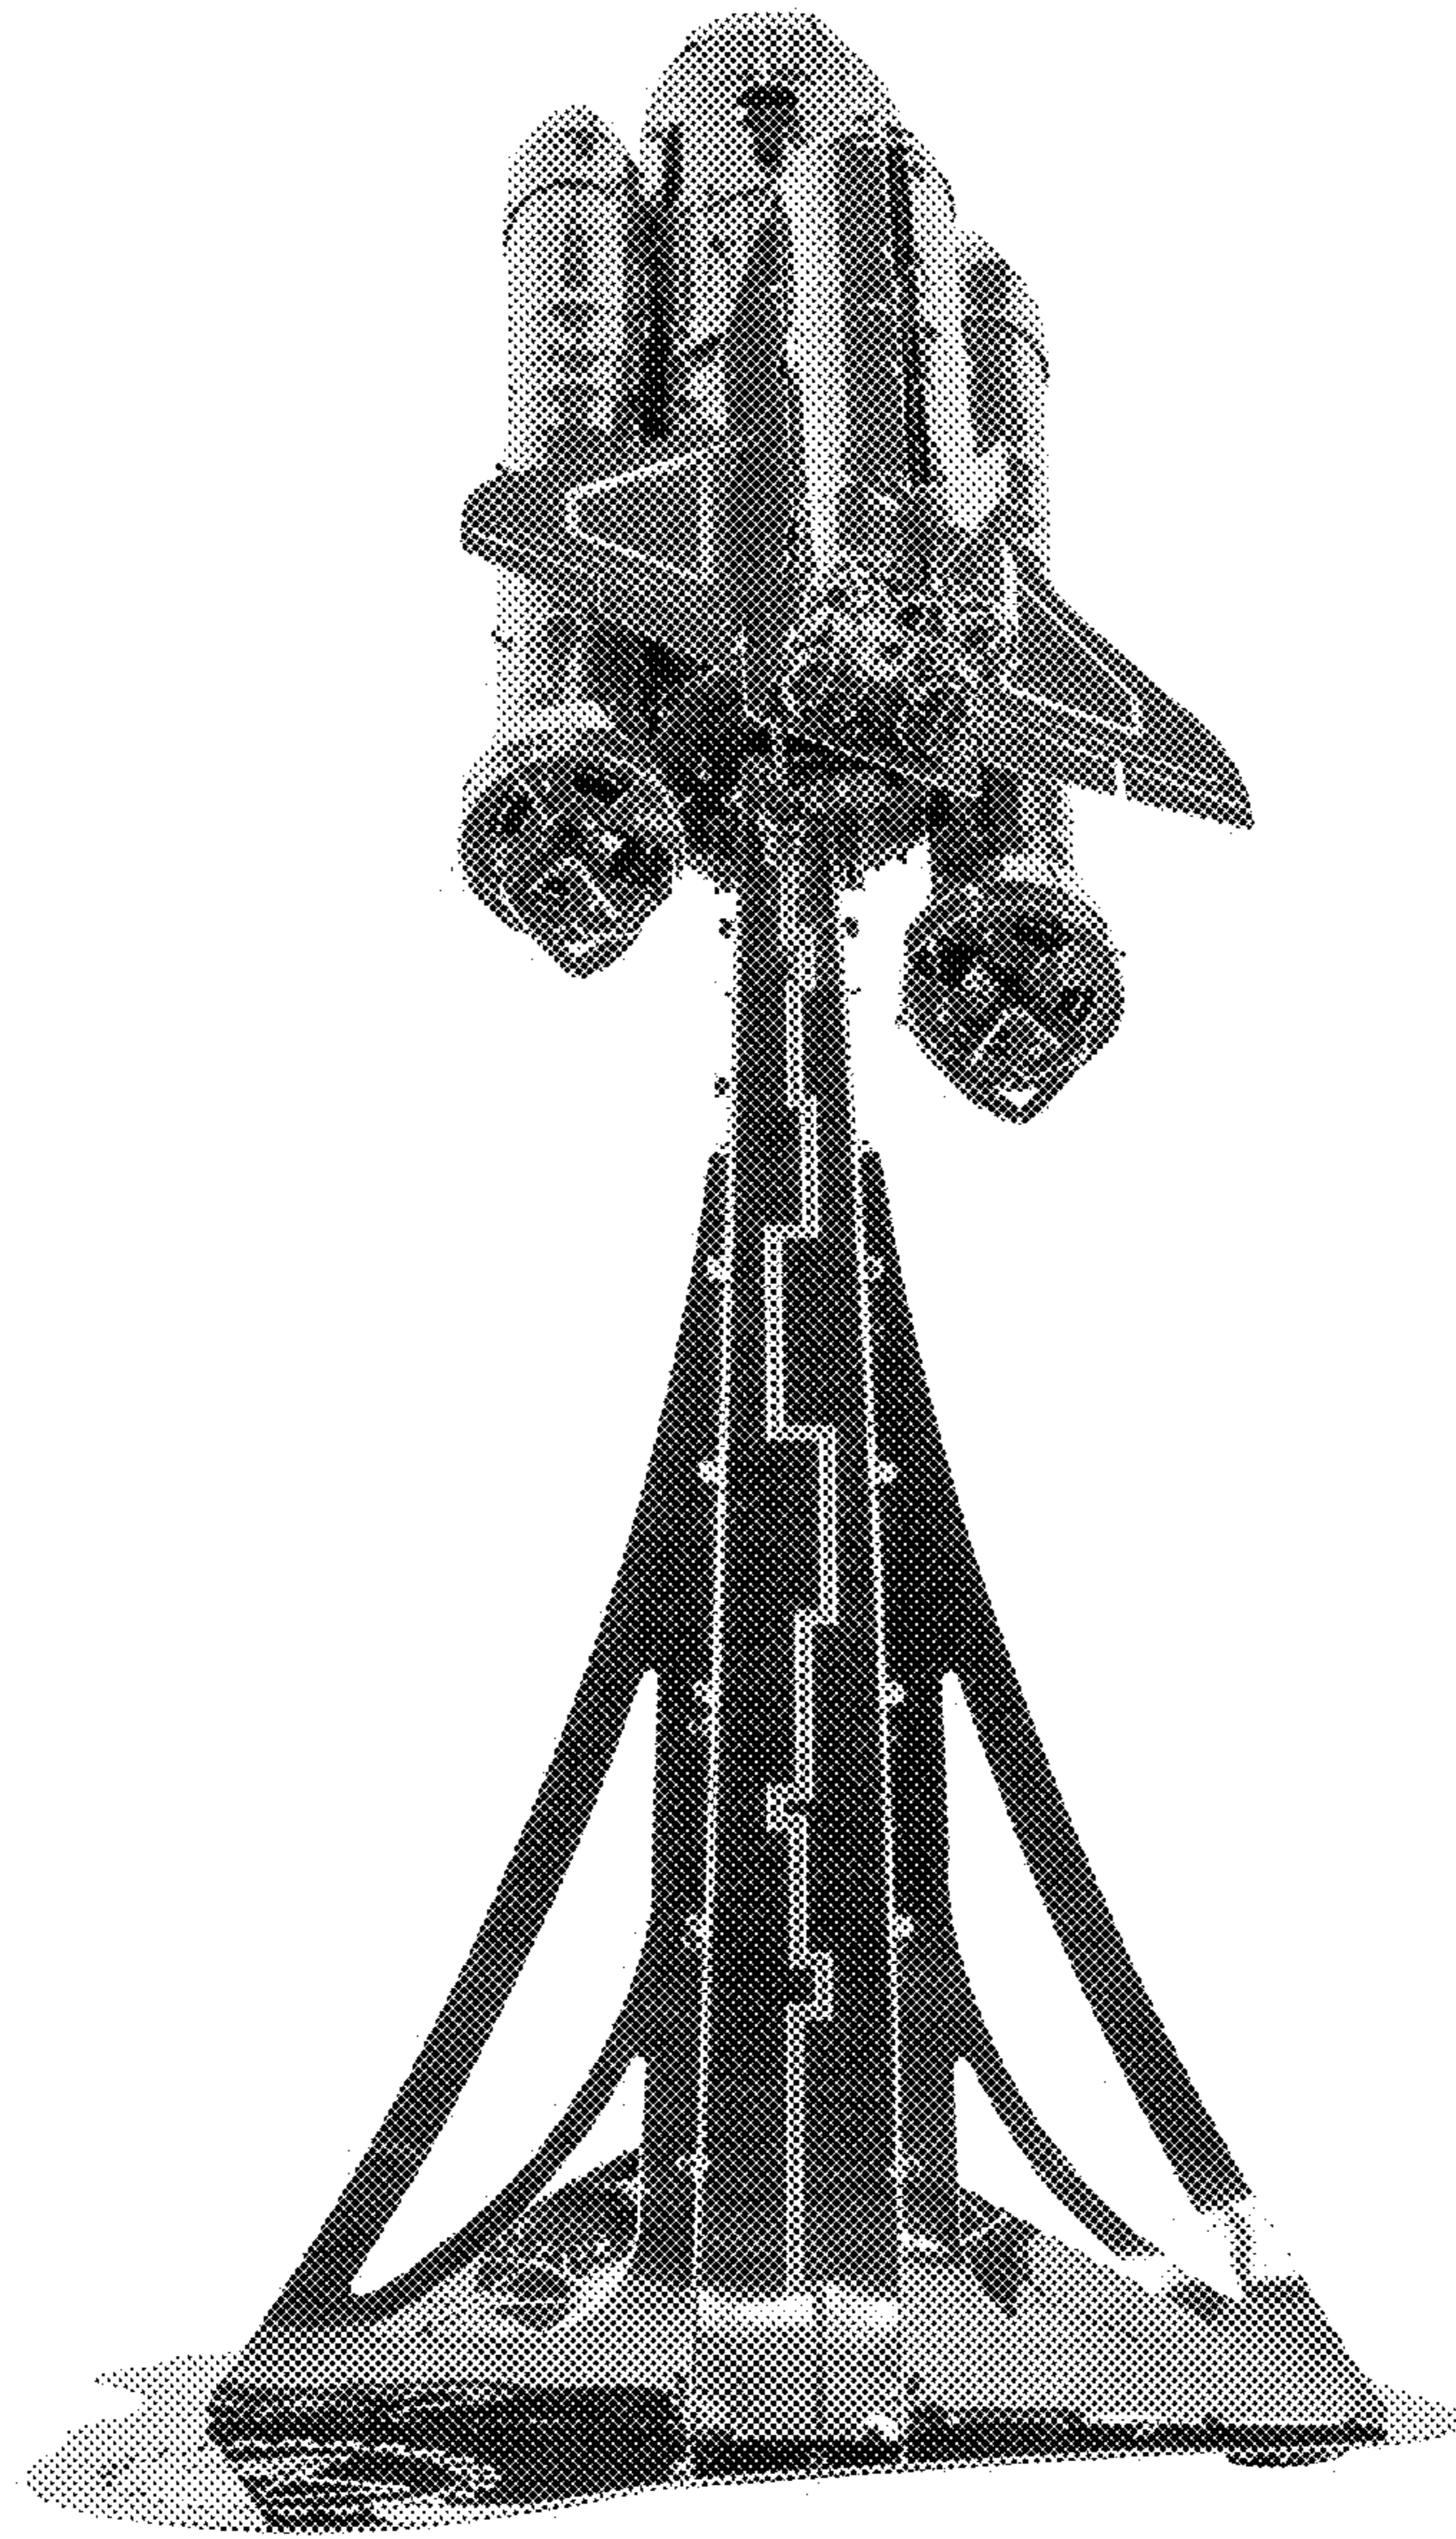

FIG. 2.6 shows a perspective bottom view of the mechanical construction model of FIG. 2.1; and

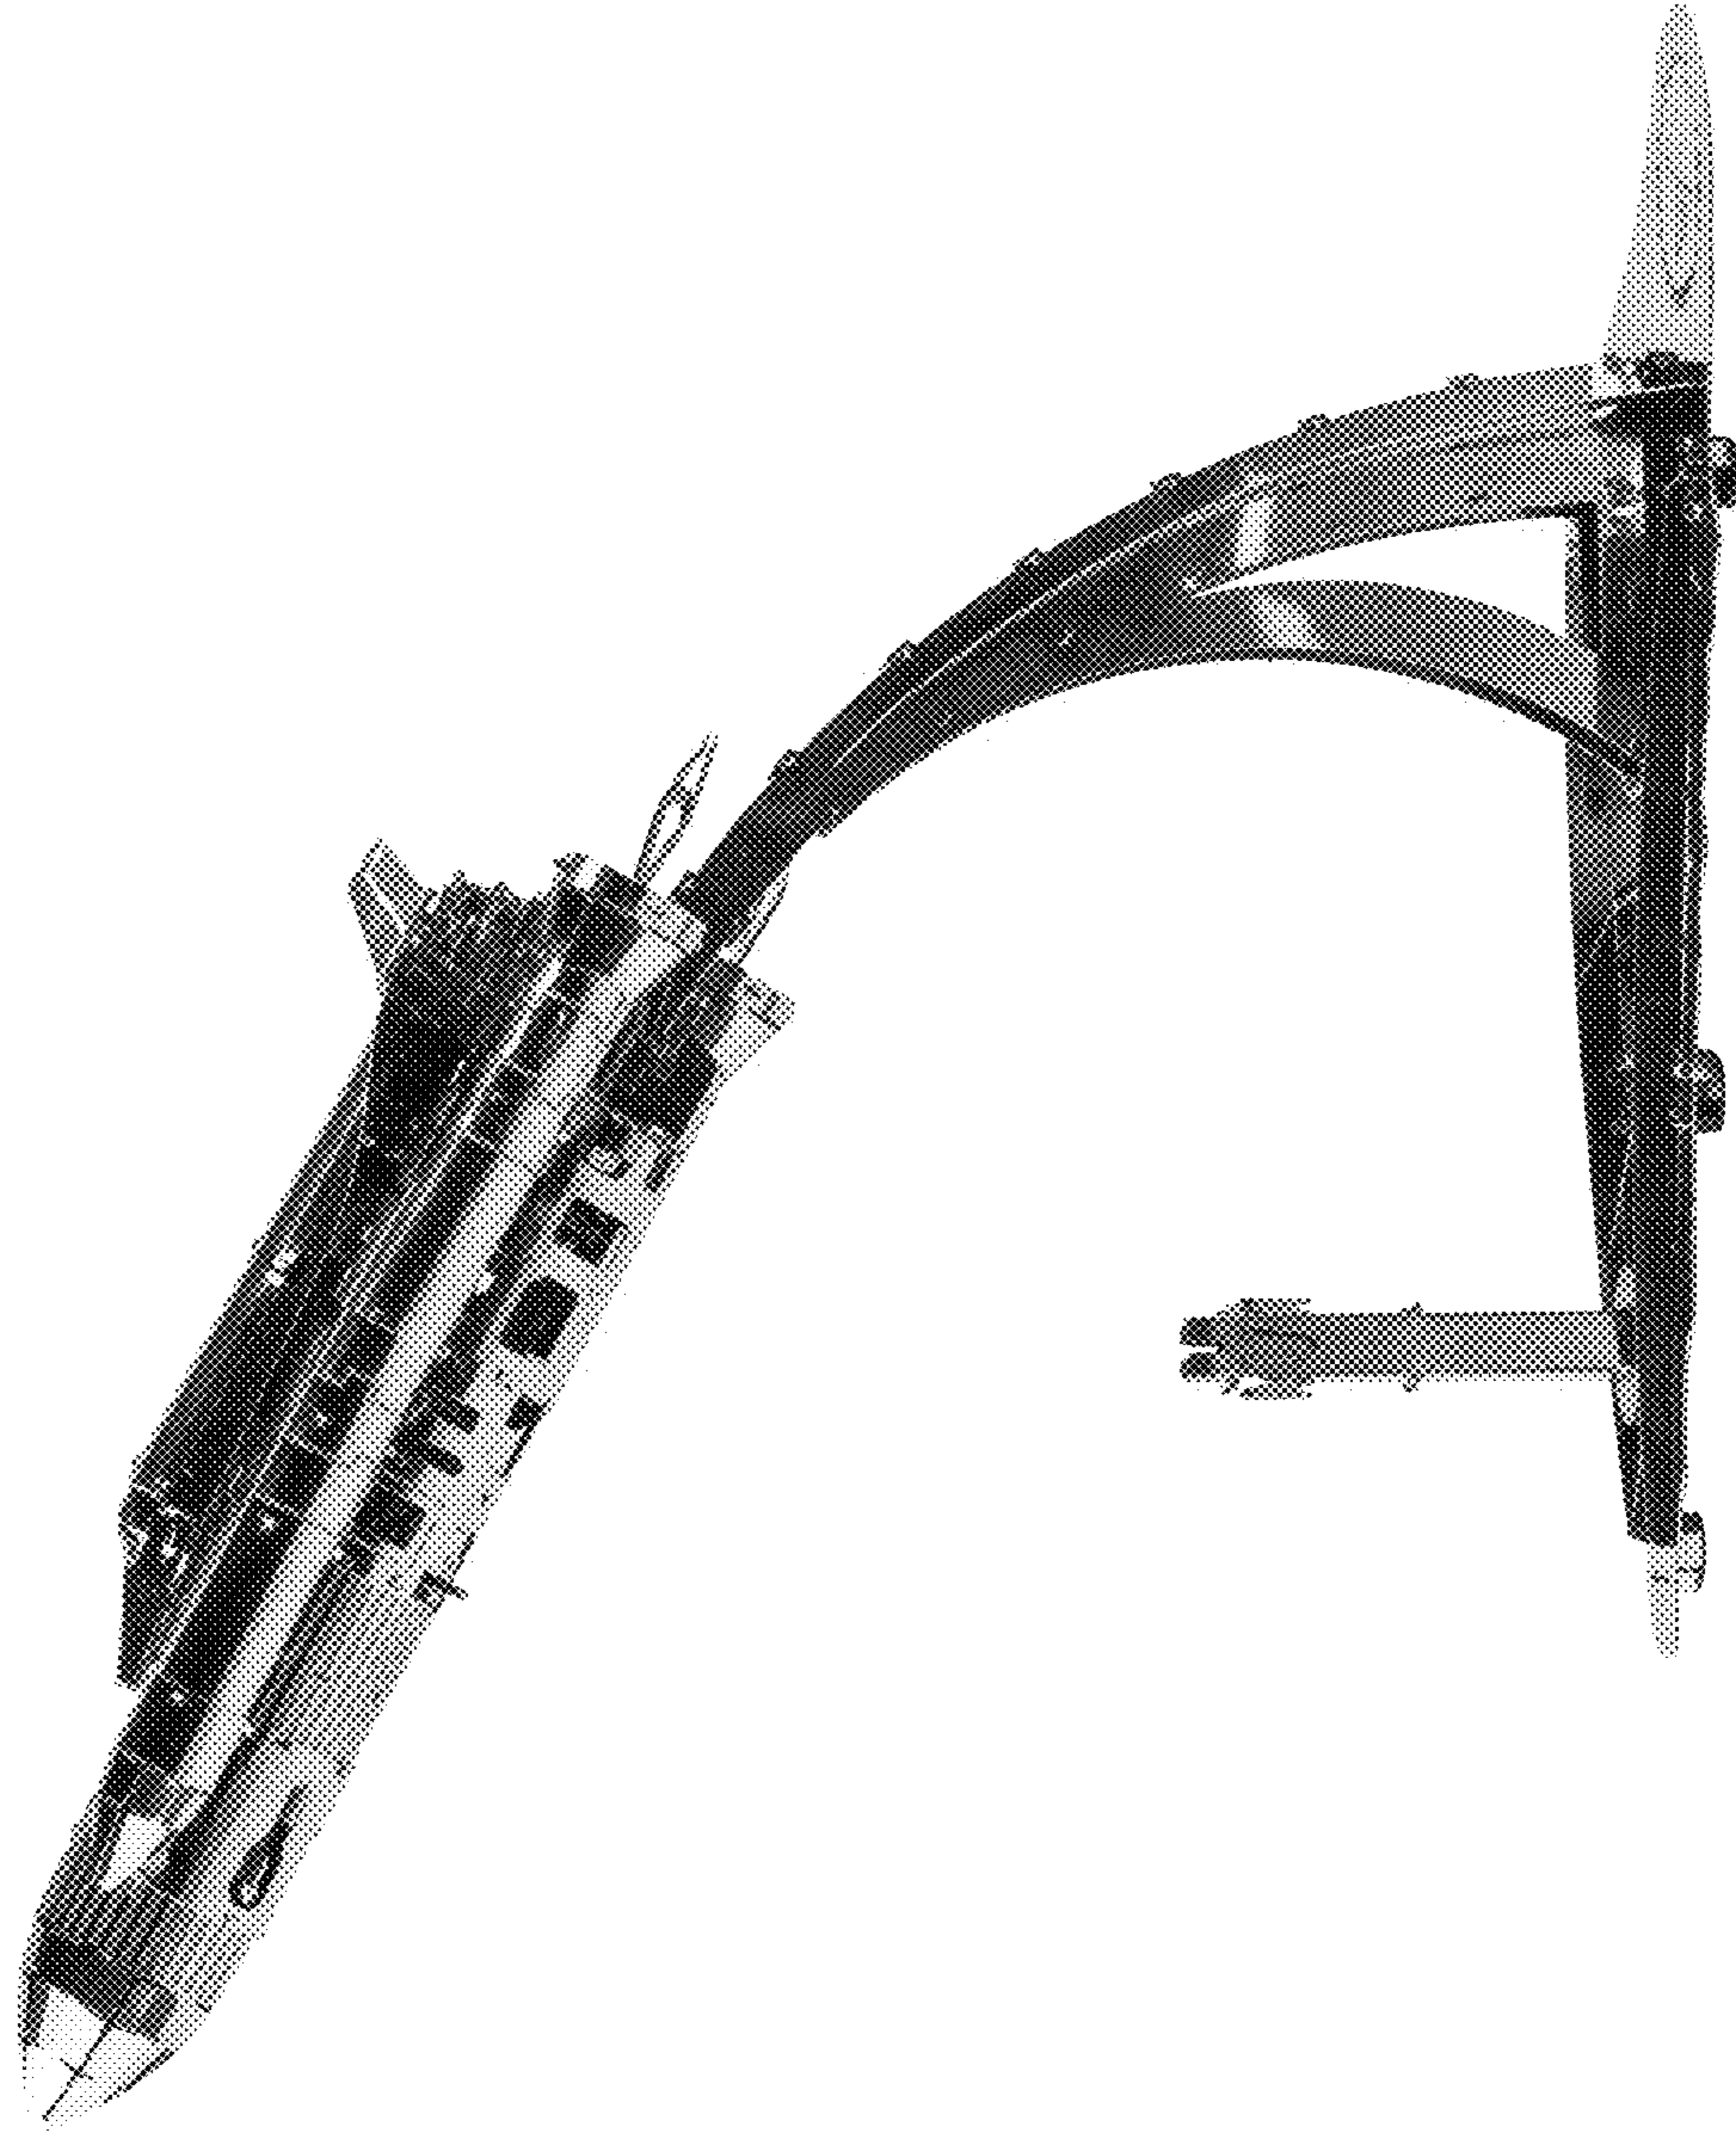

FIG. 2.7 shows a right-side view of the mechanical construction model of FIG. 2.1.
