(57) **CLAIM**

The ornamental design for a display screen or portion thereof with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1. is a first image of a display screen or portion thereof with animated graphical user interface showing our new design;

FIG. 2. is a second image thereof; and,

FIG. 3. is a third image thereof.

The appearance of the animated image sequentially transitions between the images shown in FIGS. 1-3. The process or period in which one image transitions to another image forms no part of the claimed design.

The broken lines showing the display screen or portion thereof form no part of the claimed design. The remaining broken lines showing portions of the graphical user interface form no part of the claimed design. The dot-dash broken lines illustrate boundaries of the claimed design, and form no part of the claimed design.
