(57) **CLAIM**

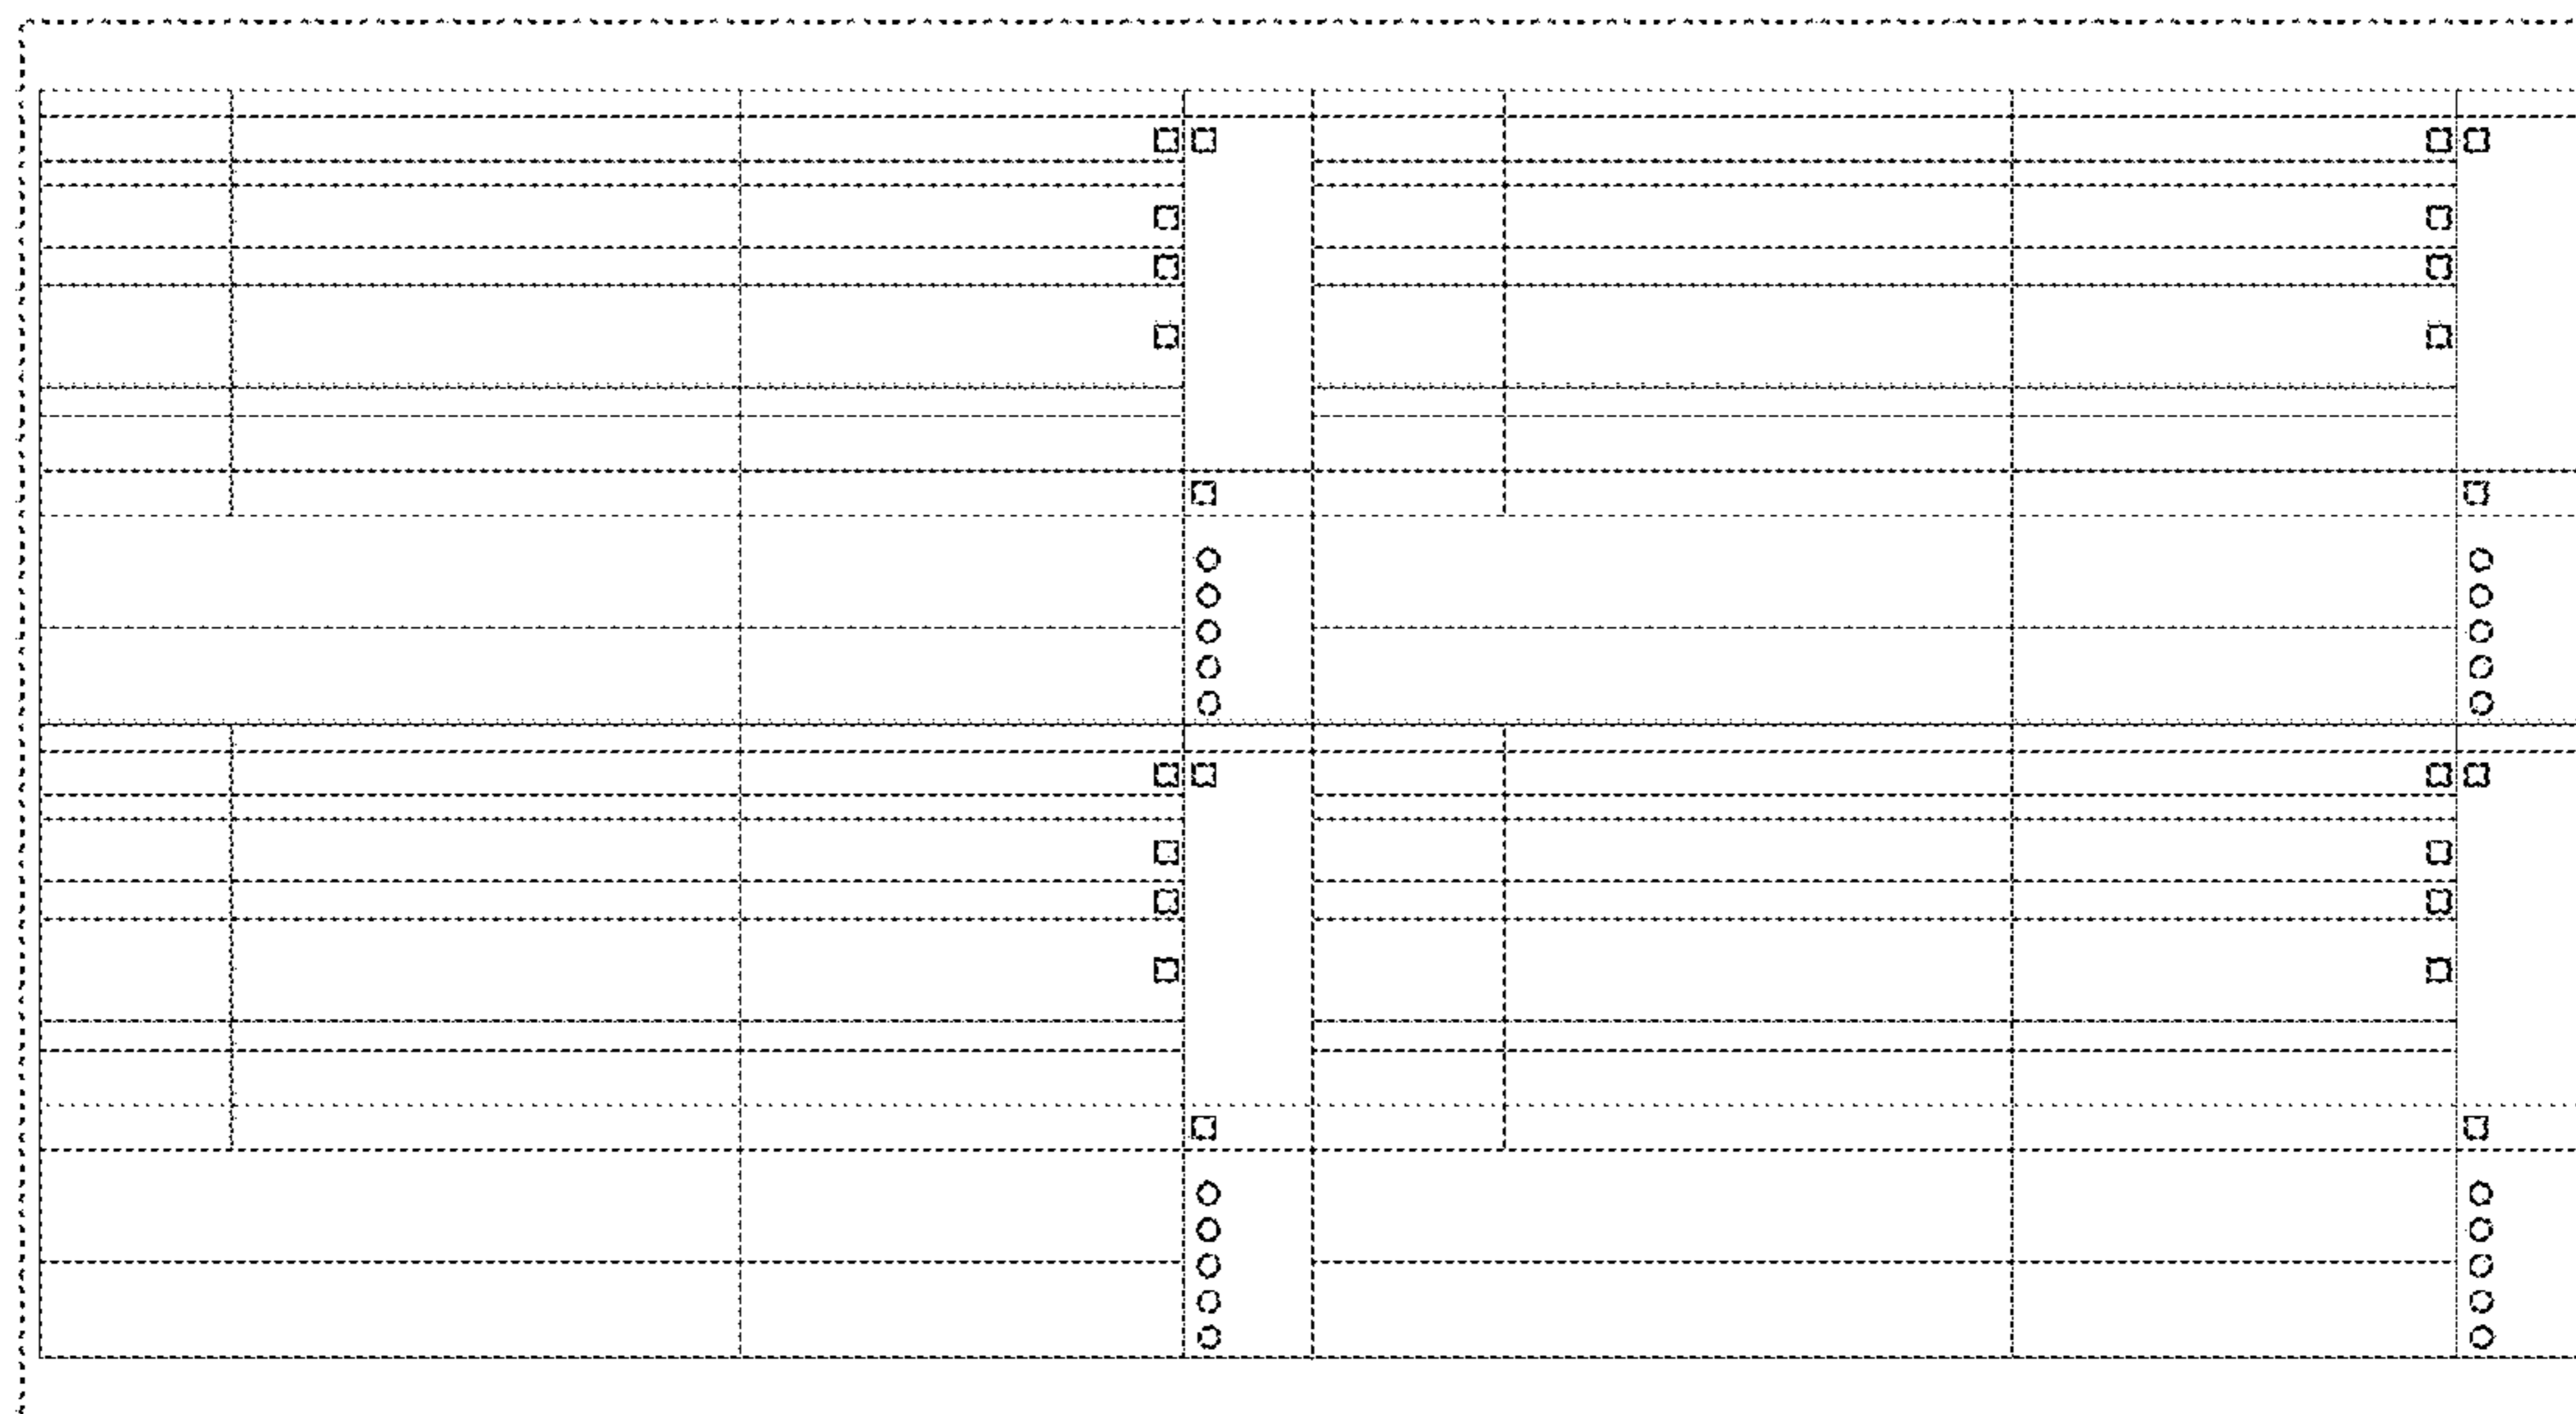

The ornamental design for a display screen with a graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with a graphical user interface showing our new design; and, FIG. 2 is a front view of the design shown in FIG. 1 in a different environment.

The broken lines at the peripheries of the figures illustrate a display, and the remainder of the broken lines in the figures illustrate portions of the graphical user interface. None of the broken lines form part of the claimed design.
