(57) **CLAIM**

The ornamental design for a hood for a welding consumable container, as shown and described.

**DESCRIPTION**

FIG. 1 is an isometric perspective front view of a hood for a welding consumable container according to the present invention;

FIG. 2 is an isometric perspective rear view of the hood for a welding consumable container of FIG. 1;

FIG. 3 is a front view of the hood for a welding consumable container of FIG. 1;

FIG. 4 is a rear view of the hood for a welding consumable container of FIG. 1;

FIG. 5 is a right side view of the hood for a welding consumable container of FIG. 1;

FIG. 6 is a left side view of the hood for a welding consumable container of FIG. 1;

FIG. 7 is a top view of the hood for a welding consumable container of FIG. 1;

FIG. 8 is a bottom view of the hood for a welding consumable container of FIG. 1;

FIG. 9 is an isometric perspective front view of a hood for a welding consumable container according to a second embodiment of the present invention;

FIG. 10 is an isometric perspective rear view of the hood for a welding consumable container of FIG. 9;

FIG. 11 is a front view of the hood for a welding consumable container of FIG. 9;

FIG. 12 is a rear view of the hood for a welding consumable container of FIG. 9;

FIG. 13 is a right side view of the hood for a welding consumable container of FIG. 9;

FIG. 14 is a left side view of the hood for a welding consumable container of FIG. 9;

FIG. 15 is a top view of the hood for a welding consumable container of FIG. 9; and,

FIG. 16 is a bottom view of the hood for a welding consumable container of FIG. 9.

(Continued)

The broken lines show portions of a hood for a welding consumable container which form no part of the claimed design.
