(57) **CLAIM**

The ornamental design for a surgeon instrument display screen with graphical user interface for a bed map, substantially as shown and described.

DESCRIPTION

The FIGURE is a front view of a surgeon instrument display screen with graphical user interface for a bed map. The broken lines showing the display screen form no part of the claimed design. The remaining broken lines showing portions of the graphical user interface form no part of the claimed design.

1 Claim, 1 Drawing Sheet
