(57) **CLAIM**

The ornamental design for a display screen with transitional graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is the first image in a sequence for a display screen with transitional graphical user interface showing our new design;
FIG. 2 is the second image thereof;
FIG. 3 is the third image thereof;
FIG. 4 is the first image in a sequence for a display screen with transitional graphical user interface showing an alternative embodiment of our new design;
FIG. 5 is the second image thereof; and,
FIG. 6 is the third image thereof.
The appearance of the transitional graphical user interface transitions between the images shown in FIGS. 1-3 and in FIGS. 4-6 in an alternative embodiment. The process or period in which one image transitions to another forms no part of the claimed design. The broken lines showing the display screen form no part of the claimed design. The remaining broken lines showing text and portions of the graphical user interface form no part of the claimed design.

1 Claim, 6 Drawing Sheets
