(57) CLAIM

I claim the ornamental design for an O-ring seal installation tool, as shown and described.

DESCRIPTION

FIG. 1 is a front isometric view of the O-ring seal installation tool.
FIG. 2 is a top view of the O-ring seal installation tool.
FIG. 3 is a bottom view of the O-ring seal installation tool.
FIG. 4 is a left side view of the O-ring seal installation tool.
FIG. 5 is a right side view of the O-ring seal installation tool.
FIG. 6 is a front view of the O-ring seal installation tool; and,
FIG. 7 is a back view of the O-ring seal installation tool.
The broken lines depict portions of the O-ring seal installation tool in which the design is embodied that forms no part of the claimed design.
