(57) **CLAIM**

We claim the ornamental design for a reinforced equine protective leg boot, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a reinforced equine protective leg boot showing our new design in a fastened configuration;

FIG. 2 is a front elevational view thereof, shown in a condition of use;

FIG. 3 is a front elevational view thereof, shown in an unfastened configuration and open for clarity of disclosure;

FIG. 4 is a back elevational view thereof;

FIG. 5 is a left side elevational thereof;

FIG. 6 is a right side elevational view thereof;

FIG. 7 is a top plan view thereof; and,

FIG. 8 is a bottom plan view thereof.

The broken lines showing of an equine leg in FIG. 2 represents environmental subject matter that forms no part of the claim. The dashed lines individually of equal length and space and appearing on surfaces of the reinforced protective leg boot in FIGS. 1-4 depict conventional stitching that forms no part of the claimed design. With exception of the hook and loop fasteners, the partial rendering appearing on surfaces of the reinforced protective leg boot in the figures represents shading and contrasting fabric textures, not surface ornamentation, and forms no part of the claimed design.

1 Claim, 5 Drawing Sheets
