FIG. 1 is a front view of a display screen with a graphical user interface showing a first embodiment of our new design; and,  
FIG. 2 is a front view of a display screen with a graphical user interface showing a second embodiment of our new design.

The dot-dash-dot broken lines show the display screen and form no part of the claimed design. The evenly broken lines illustrate portions of the graphical user interface that forms no part of the claimed design. The broken line areas include all of the English and Chinese characters and form no part of the claimed design.
